THE UNIVERSITY

Concordia University is one of nine colleges or universities in the Concordia University System, which is owned and operated by The Lutheran Church - Missouri Synod.

Mission Statement

Concordia University is a Lutheran higher education community committed to helping students develop in mind, body, and spirit for service to Christ in the Church and the world.

Vision Statement

Our vision is to be well known nationally and internationally as a premier Lutheran Christian university, widely recognized for meaningful integration of faith and learning. Our alumni will assume significant servant leadership responsibilities in the Church and communities across the nation and around the world.

Concordia's Vision is Vigorously Pursued in Four Critical Ways:

We are a Faith and Learning Centered Higher Education Community.

Concordia students learn in innovative Christ-centered environments that are guided by comprehensive assessment. Our faculty, staff and University administrators are role models and servant leaders. Our Christian faculty excel in teaching and mentoring, and successfully connect to faith to learning. Our academic programs are rigorous and diverse, consistent with the needs of the Church and our communities.

We Plan for Purposeful Growth.

Students grow as they develop in mind, body and spirit. Concordia grows as we reach more people with our mission. Our campuses, facilities, human and financial resources, and infrastructure expand to support a robust student experience in a welcoming environment that results in the professional, social, academic and spiritual formation of all Concordians.

We Make an Impact Through Service and Leadership.

Concordia impacts the Church and the world, developing globally-minded citizens who transform lives, influence communities, and value their neighbors near and far, through Christ-like service and leadership.

We Champion Access and Opportunity for All Learners.

We provide access to the highest value higher education experience. As a result, Concordia students discover and develop their vocations. Rigorous assessment of our academic offerings, university services, delivery systems, and market and organizational performance result in continuous improvement of the Concordia experience, which enables our students to pursue and persist in their chosen career paths.

Admission Procedures

General Information

Concordia University Wisconsin admits qualified students of any race, color, or national or ethnic origin to all programs and activities and is nondiscriminatory in the administration of its policies and programs.

To be considered for admission to Concordia University Wisconsin a student must be a graduate of a regionally accredited high school or one approved by its state university. Requests for exceptions to this requirement may be submitted by candidates who are otherwise qualified.

Entrance Requirements

Each entering student must submit evidence of adequate preparation for college. A minimum of sixteen (16) units of secondary school work is required of which at least eleven (11) should be in basic liberal arts areas and should be distributed as follows:

- **English:** At least three units of English but four are strongly recommended.
- **Mathematics:** Two units of college preparatory mathematics, preferably, one each in algebra and geometry.
- **Social Studies:** Two units in social studies, preferably one each in world history and American history.
- **Natural Science:** Two units of science, preferably, one each in biology, physics or chemistry.
- **Liberal Arts Electives:** Two units of the same foreign language or additional units in one or more of the areas above or in fine arts.
- **Miscellaneous Electives:** Five units from any area of academic study. The student will find it to his/her advantage if the majority of this work is additional work in the areas listed above. German or Latin is recommended for the preseminary student.

Required is a minimum entrance grade point average of 2.5 which is based on at least:

- 3 units of English
- 2 units of Mathematics (Algebra and Geometry)
- 2 units of Science (Biology, Chemistry, Physics)
- 2 units of Social Studies (American History plus one elective)

However, certain programs require a higher grade point average. The University accepts the ESL Academic Report as satisfaction of English language proficiency for international students.

Procedure for Admission

An application should be filed during the student's senior year in high school; however, later applications may be considered if space is available. Students may enter at the beginning of any term. The formal application can be completed online through our website at www.cuw.edu/apply.

The application consists of the following documents and information:

1. The completed application form.
2. Official secondary transcript (6 or more semesters) including test records. A FINAL TRANSCRIPT IS TO BE SUBMITTED AFTER GRADUATION.
3. Official transcript from each college attended.

4. Report of ACT scores from American College Testing Program. Information concerning this program may be obtained by writing American College Testing Program, P.O. Box 168, Iowa City, Iowa 52240, or may be available from the high school guidance department. The SAT (Scholastic Aptitude Test) may be accepted in lieu of the ACT. Please note, International Students are not required to take the ACT or SAT tests.
5. International students must present a minimum TOEFL score of 61 on the internet based test or an overall band score of 6 on the IELTS for regular acceptance. Any International Student who can not present a 61 TOEFL or 6 IELTS must test through the English Language Institute for placement and may be required to enroll in the English Language Program. International students may still be considered for conditional admission without TOEFL or IELTS results.

Conditional Admission

An applicant whose overall grade average and test scores indicate areas of academic concern and are not eligible for regular admission (2.5 CPGA/18ACT). However, upon the recommendation of the Vice President of Enrollment Services and with the approval of the Admissions Committee, an applicant may be granted Conditional admission. Specific program progression requirements may additionally apply to this status. The individual is considered to be on academic probation. Failure to attain a C average (2.00 G.P.A.) during the conditional semester may result in dismissal.

Special Admission

1. Individuals registering on a full or part-time basis for courses without the intention of receiving a degree are classified as non-degree students. The work can be for audit or for credit but does not automatically apply toward a degree program.
2. A person still attending high school may enroll as a special student in a course for audit or for credit after securing the appropriate approvals.

Non-degree students who desire to make application for acceptance into a degree program must follow the regular application procedures for degree students. At the time of such application, credits earned as a non-degree student will be reviewed and the student apprised of how the credits can be used in meeting degree requirements.

Advanced Standing

The University will recognize unusual secondary school work by means of advanced placement, and will grant credit to those who have taken especially enriched or accelerated courses before entering college or who have appropriate vocational or professional experience. Applicants qualify for such credit by satisfactory achievement on college-approved placement examinations, including the College Board Advanced Placement Tests, CLEP (College Level Examination Program), or faculty-authored challenge examinations. College credit total a maximum of 30 semester credits may be earned by satisfactorily completing such examinations.

Retroactive credit is available in foreign languages, wherein credit may be given for pre-college foreign language study if the student takes the next highest level of the foreign language at this university and achieves a C or better. The student must request credit for the lower level course(s) that were bypassed.

For further information please contact the Registrar.

Transfer Policy

Transfer students applying for transfer credit at Concordia University Wisconsin are subject to the following requirements:

- They must furnish the Admission Office with an official college transcript from each college attended. They must complete one semester satisfactorily at Concordia University Wisconsin before the award of transfer credit becomes final. Transfer credit may be awarded for each course in which the student received a grade of "C-" or better provided that the course is similar to one being given at Concordia University or is one which could be considered an elective. A student may receive a waiver of a course in which a grade of "D" was received at another college, but credit will not be granted. The Office of the Registrar will issue a statement showing the transfer credit allowed, established on the basis of an individual review of each student's transcripts.
- Normally only credits from a regionally accredited institution will be considered for transfer. Any exceptions will be made on an individual basis. In some cases there are articulated agreements that govern the transfer of credits.
- Transfer students must take entrance and other examinations in the same way as entering freshmen. Transfer credits are not used in calculating the student's grade point average.
- A maximum of 70 semester credits will be accepted in a transfer from a two-year college. A maximum of 84 semester credits will be accepted in transfer from a four-year college/university. Some programs may have different requirements. Transfer students may be required to submit scores from either the Scholastic Aptitude Test or the American College Test. They may also be required to submit their official high school transcript.
- Questions not answered by the above may be addressed to the Registrar.
- Graduate and Adult Education undergraduate students are admitted under policies and procedures articulated in their individual catalogs.

Tuition and Fees

Concordia University seeks to keep costs as low as is consistent with sound education requirements and proper provision for the daily needs of the student. Student costs for an education depends also on his/her living and spending habits. Payment of fees is an integral part of the registration. A student will not be fully registered and cannot attend class until full payment of fees has been made. A student will not be permitted to register if previous financial obligations have not been met, nor will any student receive an official statement of credits grades or a degree/diploma if all obligations have not been satisfied.

The University reserves the right to modify fees without advance notice.

Regular Fees

Please contact the Admission or Business offices for current tuition and room and board charges.

Room and Board Fees

Room fees cover the cost of furniture, utilities and maintenance. Board fees pay for meals in the university dining hall during the regular semester, not including vacations. A room security deposit will be assessed to resident students, refundable under the terms of the housing contract after proper checkout, assuming no damage claims.

Students not enrolled for Winterim may apply for room and board on a pro-rated basis.

Special Fees

Tuition Deposit

Accepted students are required to pay a refundable deposit of \$200.00 to reserve their space in the class. The deposit deadline is May 1, deposits will be accepted after that date on a space available basis. The deposit is refundable if submitted prior to May 1, and if the student withdraws the deposit prior to May 1.

Graduation Fee

A fee is assessed to senior status students to cover graduation expenses, based on the current fee schedule.

Student Government Program Fee

This fee is allocated upon the recommendation of the Student Government Association. The fee is administered by the Board for the support of student organizations, activities, and endeavors. Individuals, groups, and organizations may petition the Student Government Association for funding.

Student Teaching and Course Fees

An additional course fee is charged for Student Teaching. The fee is assessed at the current fee schedule amount.

Any other course that carries a special fee will be listed in the course description.

Overload Fee

A student will be assessed the per credit overload fee for the amount of credits that exceed 18 in a semester.

Applied Music Fee

An additional per credit fee is assessed for certain applied music courses as found listed in the catalog descriptions.

The fee is assessed at the current fee schedule amount.

Transcript Fee

A fee is charged for each transcript provided.

Independent Study Fee

A fee will be assessed for independent study proposals to cover special instructional costs. A full-time student will be assessed \$130 per credit during the fall or spring semesters for independent study credits up to an 18 credit load.

All fall or spring independent study credits which result in more than 18 credits in a semester are charged the current per credit fee. The student's account balance must be at zero to sign up for an independent study class.

Practicum/Internship Fee

In the fall and spring semester, practicum/internships will be assessed \$65/credits if the semester credits are over 18. If the semester credits are fewer than 18, there is no additional fee. A \$65 per credit fee will be assessed for summer practicum/internships.

HHP Class, Laboratory and Activity Fees

Additional charge for Labs & specialized activities may be applied where appropriate.

Winterim Tuition

Full-time students attending both the fall and spring semesters are entitled to the Winterim offering at the current Winterim fee schedule. Students who are not enrolled and attending Winterim classes are not permitted to use housing facilities during this time. Room and board fees will be pro-rated for students desiring housing, but who do not live in the dormitory both semesters.

Methods of Payments

- The University requires full payment of each semester's charges by August 15 or January 15 before the semester's classes.
- Notification from the Financial Aid Office of grants, scholarships, or a Guaranteed Student loan will be accepted in lieu of payment by cash. Only one-half of such aid will be credited to the student's account for each semester.
- Failing to observe this schedule or to make other satisfactory arrangements with the Business Office, the student will forfeit the right to begin or continue work at Concordia.
- If students must rely on others for financial resources, they are held responsible for seeing to it that financial sponsors observe the payment schedule.
- All fee payments should be addressed to Concordia University Wisconsin, 12800 N. Lake Shore Drive, Mequon, Wisconsin 53097. ATTN: Accounts Receivable. Please include the student ID # on payments.

Budget Payment Plan

Lutheran Church Extension Fund Joyful Response Program

Tuition Payments may be made automatically each month, for a maximum of 4 payments per semester, from your LCEF Steward Account or a checking or savings account to CUW. A Joyful Response program enrollment form must be completed each semester and returned to CUW. Contact the business office at 262-243-4556.

Financial Aid Information

Student Financial Aid

Concordia believes that the talents, hopes and ambitions of our students are among the most valuable resources our church and nation possess. With this in mind, Concordia continues to promote scholarship, loan, and employment opportunities for its qualified, deserving students who must find funds to attend college. The fundamental purpose of the financial aid program at Concordia is, therefore, to make it possible for students who would normally be deprived of a college education because of inadequate funds to attend Concordia. The amount of financial aid awarded is based mainly on the applicant's financial need. As a general rule the primary financial responsibility lies with the student and parents.

Therefore, in order to help determine student need and make it possible to grant aid fairly, the parents of aid applicants are asked to file the Free Application for Federal Student Aid (FAFSA). On the basis of this financial information, the University is able to determine the difference between University costs and the amount a student and parents can reasonably be expected to provide. This difference is defined as need. If a student is independent according to the Federal Department of Education definition, the student would submit a financial statement without parental information.

How to Apply for Aid

A Free Application for Federal Student Aid (FAFSA) is necessary for application for scholarships, grants, loans, or employment from Concordia. These forms need to be completed annually for possible renewal of financial assistance. The FAFSA is to be completed after October 1 and returned for processing to the address indicated on the FAFSA. Signed copies of you and your parent's previous year's Federal Income Tax Returns are also required if federal verification is required. Within one month after your complete application has been received at Concordia, you will be advised as to the various types of financial assistance for which you are eligible. These include employment, loans, grants, and scholarships administered by Concordia. If you are accepted for admission, a firm financial commitment will be made to you. Students are encouraged to apply as early as they can, applications received by March 1st will receive full consideration for all Concordia assistance which is available. Applications received after that date will be subject to the limitations of available Concordia resources. As a general rule, one half of the grants, scholarships, and loans are applied toward each semester's tuition and fees. If you have any questions or need any forms, write or phone the Financial Aid Office. Detailed information is also available in the form of a fourteen page flipchart on the CUW web site. Any of the above forms are available on the CUW Financial Aid Website.

Renewal of Financial Aid

Concordia makes every effort to continue assistance to a student through his/her years of college.

Renewal is based upon the following guidelines:

1. The non-need application must be filed with the Office of Financial Aid by January 31 (if not submitting the FAFSA). Late applications will be accepted and funded according to the availability of Concordia funds.
2. Free Application for Federal Student Aid (FAFSA) are encouraged to be filed between October 1 and March 1 in order to assure a timely application.
3. Renewal of scholarships, grants, campus employment, and loans depends upon Financial Aid, and the availability of funds and renewal criterion, including FAFSA results.
4. Any award or any portion thereof may be either declined by a student or revoked by Concordia if such assistance is not to the advantage of the student or the University.
5. As funds available must be divided among all deserving students, grants, scholarships, employment, or loans may not always be renewed in their original amounts.
6. You must be making satisfactory academic progress as defined below and maintain at least a 2.00 grade point average.

Grants

The following grants (non-repayable funds) offered at Concordia are based primarily on the undergraduate student's demonstrated financial need.

Pell Grants

A federal Pell Grant provides funds to help pay for higher education. Awards range from \$200 to \$6,920 per year. The actual amount the student receives depends on the financial information reported on the Free Application for Federal Student Aid (FAFSA), whether a full-time or part-time student, and the cost of education.

An application must be filed annually through the Office of Financial Aid, Concordia University Wisconsin.

Wisconsin Tuition Grant Program

Wisconsin residents attending Concordia are eligible to apply for the Wisconsin Grant. The purpose of the grant is "to provide the Wisconsin student with greater freedom of education choice, thus enabling students to follow a path of self-development in harmony with their desires and the welfare of society." The amount of the grant is based on the student's financial need and the tuition at Concordia. Grants range up to \$3,228 per year. An application should be filed BY MARCH 1ST through the Office of Financial Aid, Concordia University Wisconsin.

CUW Scholarships

Concordia does encourage, through scholarships, those students who present a strong composite picture of outstanding academic achievement, unusual diligence, consecrated creativity, and self-sacrificing service.

Church vocation scholarships are awarded to eligible incoming students regardless of their grade level. The other scholarships are awarded only to persons entering Concordia for the first time. However, the scholarships may be renewed if renewal criteria are met.

Supplemental Educational Opportunity Grant (SEOG)

A Federal Supplemental Educational Opportunity Grant (FSEOG) is a grant to help pay for education after high school. It is for undergraduates only and it does not have to be paid back.

Awards average \$500, depending on need, the availability of FSEOG funds, and the amount of other aid the student is receiving. FAFSA must be filed annually, are not automatically renewed, and should be filed through the Office of Financial Aid, Concordia University Wisconsin.

Concordia University Grants - Scholarships

Through the generosity of many friends of Concordia University, numerous endowments have been established. The earnings of these endowments financially assist students on the basis of merit and/or need. These grants and scholarships can be up to \$5000 per year. Additional information about the nature of the endowments and program eligibility is available from the Financial Aid Department.

Congregational Grants

Lutheran Church - Missouri Synod

Many congregations directly assist their students with some educational expenses. Concordia encourages you to inquire about possible assistance through your pastor.

District Grants

Most districts of The Lutheran Church-Missouri Synod, through their Board of Student Aid and/or Recruitment, provide grants to students preparing for a church vocation. Grants, and on occasion loans, are awarded in amounts ranging from \$100 to \$1000 per year. The contact person and address for your district may be obtained from Concordia, your pastor, or the Lutheran Annual. Application deadlines vary by district.

SELF HELP

Student Employment

Campus employment opportunities are available for students who wish to be employed. Generally eighteen (18) hours of work per week should be considered the absolute maximum for full time students. A reasonable amount of employment could possibly improve the scholastic achievement of many students, as well as provide some financial resources for the student. Student employees will be paid via normal pay checks and pay periods. Students interested in on-campus employment can apply through the Career Services office. Concordia participates in the Federal Work Study Program, which enhances the opportunities for employment.

Loans

In some cases it is advisable for students to borrow in order to finance their education, provided they borrow only what is needed to maintain a minimum living standard. Students should use caution in borrowing and generally should not rely primarily on loans. Students who borrow will

need to complete a promissory note for a Direct Student Loan through the federal web site or from the Financial Aid Office. This loan program allows students to begin repayment after they graduate or after they discontinue their education. No interest accrues for the subsidized loan while the student is enrolled in school as at least a half-time student. Repayment begins six months after the student terminates his education. A Federal PLUS loan is a program for parents. Parents may borrow up to the cost of education minus any other financial assistance and repayment begins within 60 days after the second disbursement. Interest rates and origination fees on these loans vary based on when they are first disbursed. These programs operate through Concordia's Financial Aid Office.

VETERANS BENEFITS

Concordia is dedicated to working with our Veteran students and their families to ensure affordable tuition and our education programs have been consistently recognized as a great return on investment. Veterans have numerous options using military education benefits, applying for scholarships, and utilizing financial aid if needed. Our department of specialists are dedicated to assisting you through the Admissions, Transfer, and Academic process. Our goal is to help every Active, Reserve, Veteran and their family member achieve their goal of graduating. Veterans can utilize their military experience and training to receive college credits. The Joint Service Transcript (JST) has replaced the following:

- Coast Guard Institute Transcript (CGI)
- Army/American Council on Education Registry Transcript System (AARTS)
- Sailor/Marine American Council on Education Registry Transcript (SMART)
- Air Force personnel should contact the Community College of the Air Force (CCAF) to receive transcripts.

To order your official transcript from JST, set up an account by visiting <https://jst.doded.mil/smart/signIn.do> Please order a free official copy to be sent to the Mequon Campus (it will be received by the VA Certifying Official office within 48 hours).

Here is a list of Military Benefits used at Concordia University:

Federal Benefits:

- Chapter 30 Montgomery G.I. Bill®
- Chapter 31 Vocational Rehabilitation
- Chapter 33 Post 9/11 G.I. Bill®
- Chapter 35 Survivors and Dependents Educational Assistance
- Transfer of Post 9/11 to Dependents (TEB)
- Chapter 1606 Selected Reserve
- Military Spouse Career Advancement Accounts (MyCAA)
- Concordia University is a Yellow Ribbon Program School

State of Wisconsin Benefits:

- Veterans Education Grant (VetEd)
- Wisconsin National Guard Tuition Grant

Processing of Military Benefits:

We recommend for all veteran personnel who have not applied for education benefits, to do so at www.vets.gov (<https://www.vets.gov>). Veterans will complete an application with their personal information and after submission, the process will review the eligibility status, and provide documentation regarding benefits that are available to use.

Active Duty Personnel

Concordia University accepts the Armed Forces Tuition Assistance (TA) Programs. This program offers eligible Army, Navy, Air Force, Marines, Coast Guard, National Guard, and Reserve members a benefit that pays up to 100% of tuition expenses for voluntary higher education taken during off-duty hours in support of professional and personal self-development goals.

Reserve Duty Personnel

Reserve personnel who are activated under Title 10 orders may qualify for the Tuition Assistance (TA) Program. Each branch of service administers its own benefits criteria, including award amounts, eligibility, restrictions, and application process.

For more information regarding the use of Tuition Assistance please visit the following website: <http://www.fafsa.com/student-financial-aid/tuition-assistance-programs>

If you have additional questions and would like to speak to someone in our Veteran Services Department, Please feel free to contact our Executive Director of Community Engagement and Veteran Services, Eduardo Garza at 262-243-2112 or email at Eduardo.garza@cuw.edu or our VA Certifying Official Barb Ellmaker at 262-243-4350 or email at barb.ellmaker@cuw.edu.

Financial Aid Good Standing and Satisfactory Progress Policy

Concordia University Wisconsin is required to establish and consistently apply standards of good standing and satisfactory progress to all students who receive funds from Title IV programs of federal financial assistance. These standards are applied to all students, in all levels, and in all programs, even to students in periods they are not receiving federal aid. This federal requirement is meant to ensure that only those students who make good progress toward their degree or certificate objective continue to receive financial assistance.

The following policies of good standing and satisfactory progress have an appeal procedure for use by anyone whose financial aid eligibility is terminated as a result of the Financial Aid Good Standing or Satisfactory Progress Policy. Those students affected will receive written notice of the appeal procedure which is detailed in Section E. Both standards of Good Standing and Satisfactory Academic Progress must be met in order for a student to continue receiving financial aid. No part of this policy has an effect on any student's academic record either at this University or any other. Listed below is the financial aid Satisfactory Academic Progress policy, the academic Good Standing is located in the Academic Catalog.

1. **Good Standing:** A student enrolled in Concordia University Wisconsin is considered in good standing if allowed to continue in that degree or certificate program at Concordia University Wisconsin. Detailed information pertaining to the minimum academic requirements of the University can be obtained by referring to the appropriate section of the University's catalog; this includes both GPA expectations and the maximum length of time to complete a degree for graduate programs. Students who are not in Good Standing with the University academic probationary policies are not eligible to attend Concordia or obtain financial aid.
2. **Satisfactory Academic Progress:** Satisfactory academic progress is defined as successfully completing cumulative course requirements for a minimum of 67% of the cumulative number credits attempted (this includes transfer credits that are being used towards a student's program), thereby making it possible for a student to make good progress toward a degree or certificate objective. "Successfully

completing course requirements" is interpreted to mean that a grade of at least D- or P is received by a student. Incompletes, withdrawals/no credits, and audits, are considered unsatisfactory.

Students repeating a course will be evaluated on the basis of whether or not the class taken in the given term is passed. However, incompletes, which are later changed into a grade of at least D- or P are satisfactory for Financial Aid Satisfactory Academic Progress policy purposes (please note that D- is only "satisfactory" by financial aid standards not by University academic standards). **It is the student's responsibility to notify the Financial Aid Office of such changes to previously incomplete grades.** Progress is also calculated on the basis of, the student having a cumulative GPA of 2.0 or better. This qualitative standard is reviewed every term. Students repeating a course will have the lower grade omitted for cumulative calculations.

3. **Normal Completion Time:** As a full time student, your eligibility for financial aid continues for a number of years equal to 150% of the normal completion time for the degree or certificate you are seeking to earn. This is tracked on the basis of the number of credits attempted. Transfer credits that are accepted, and used towards a degree, are included in the 150% criteria. The normal completion time for particular degrees or certificates are as follows (this is calculated in years, based on a student attending full-time each term):

Degree	Time
Doctorate in Physical Therapy	3 years
Master's Degree	3 years
Master's in Occupational Therapy	6 years
Bachelor's Degree - Education	5 years
Bachelor's Degree - All Other Programs	4 years
Certificate Programs - Director of Church Ministries	4 years
Certificate Programs - Medical Assistant	1 year

4. **Financial Aid Eligibility Warning Statuses:** When a student does not successfully complete a minimum of 67% of cumulative credits earned versus attempted or does not have a CGPA of 2.0, financial aid eligibility status of "WARNING" is imposed. Aid automatically continues through one semester of financial aid eligibility status of "WARNING". If a student does not make satisfactory progress during the semester of financial aid eligibility status of "WARNING", or the student has reached the 150% of normal completion time, the student's eligibility for financial aid in later semesters is terminated. Eligibility can be regained by raising the completion rate of credits attempted to 67% and CGPA to above 2.0, unless terminated for exceeding the 150% of normal completion time. The appeal procedure detailed in Section 5 exists for those students whose aid eligibility is terminated.
5. **Appeal Procedure:** Upon receiving a completed Satisfactory Academic Progress (SAP) appeal form from a student whose financial aid eligibility has been terminated according to the provisions of section 4, the Director of Financial Aid may reinstate the student's eligibility. The appeal form will be sent to the student who was terminated, by official University delivery, and must be completed by the student and by the student's academic advisor. Students can only appeal this status under one of the following extraordinary circumstances; illness, injury, death of family member or close friend, short term hardship, change of academic major (for completion time extension), or other significant extraordinary circumstance.

The appeal must also include evidence that the academic advisor believes that the student can be successful, as well as include a plan from the student detailing what the extraordinary circumstance(s) were/are and their plan to be successful in future terms. Completed appeal forms must be returned to the Financial Aid Office, and will be reviewed by the Director of Financial Aid, or their designee. The outcome of students' appeals will be sent via official University delivery. Students reinstated will be placed on Satisfactory Academic Progress "Probation", and if they do not meet the standards in the next term will be terminated again. In circumstances where a student has appealed and is unable to meet both the 67% completion rate and the 2.0 CGPA requirements for SAP the outcome of the appeal may include an academic plan. This plan, which will be created from the SAP appeal process, will outline specific criteria that a student must meet during the semesters that this plan covers. Students who do not meet these criteria will be SAP terminated.

6. **Tracking Systems:** Those students placed on eligibility warning status or whose eligibility for aid has been terminated will have their progress tracked in the next semester. Once satisfactory progress is resumed, full eligibility for aid consideration will be reinstated and the student's name removed from the tracking system. A student's current SAP status is available for review at any time on their CUW portal account.

Classification of Students

Class	Credits
Full-time	Enrolled for 12 or more hours
Part-time	Enrolled for less than 12 hours
Degree	Seeking an Associate in Arts, a Bachelor of Arts, a Bachelor of Science degree, Bachelor of Science Nursing, or a Bachelor of Social Work
Non-Degree	Not seeking a degree
Church Vocation Students	Full-time students who are preparing themselves for one of the church vocations within The Lutheran Church-Missouri Synod and have maintained a grade point average of at least 2.00

Part-time students are not eligible to participate in intercollegiate competition or to hold any campus office.

A student enrolled in a degree program must matriculate through admissions. Upon his/her acceptance, the University is committed to do all it can to help the student successfully complete his/her chosen program.

Accordingly, each degree seeking student is assigned to an advisor.

A non-degree student wishing to change to degree status shall make application to the Vice President of Enrollment Services (cf. Special Admissions).

Classification is determined by the total number of credits completed including those accepted by Concordia from other college or university and is established as follows:

Class	Credits
Freshman	0-29
Sophomore	30-59
Junior	60-89
Senior	90-graduation

Student Course Load for Full-Time Student

Semester	Minimum	Average	Maximum
Regular Semester	12	15	18
Winterim	2	3	4
Summer	3	3	6

Academic Ethics

Mutual respect and concern for one another in the atmosphere of a Christian caring community is the basic principle which should govern the relationship between student and instructor. Faculty are professional in their expectations of academic excellence and students respond with an appropriate level of effort and commitment. Unprofessional conduct and unethical behavioral are serious breaches of the academic contract. The ethics code of the university provides for due process, and grievance procedures are detailed in the Student Handbook.

Grading

Formal reports of the student's progress are available at the close of each semester.

The following grade point systems is used in connection with these grades:

Letter Grade	Points Per Credit
A	Equals 4.00 points per credit
A-	Equals 3.67 points per credit
B+	Equals 3.33 points per credit
B	Equals 3.00 points per credit
B-	Equals 2.67 points per credit
C+	Equals 2.33 points per credit
C	Equals 2.00 points per credit
C-	Equals 1.67 points per credit
D+	Equals 1.33 points per credit
D	Equals 1.00 points per credit
D-	Equals 0.67 points per credit
F	Equals 0.00 points per credit
P	0.0 points pass in pass-fail course, not computed in grade point average, credits counted.
NC	0.0 points, failure in pass-fail course, not computed in grade point average, no credit earned.
W	0.0 points, withdrawn without penalty, not computed in grade point average. Given for withdrawal previous to withdrawal deadline, and for certain extenuating circumstances thereafter, such as illness.

WF	0.0 points, withdrawn with penalty, is computed in grade point average. Given for withdrawal after the withdrawal deadline under unauthorized conditions.
I	0.0 points, incomplete, not computed in grade point average, (see policy on incomplete grades below)

Final Examinations

Faculty policy requires a culminating experience, such as a final examination or project during the finals week of a traditional semester. Exemptions to final examinations may be offered to students carrying an A for the course at the discretion of the instructor. First semester freshmen are not eligible for exemptions. Second semester freshmen and sophomores can be exempted from one exam per semester. Juniors and seniors can be exempted from no more than 2 exams per semester. If an instructor offers exemptions and students elect to take them, the instructor must submit the name of the course and the names of students taking the exemption to the office of the Provost's Office before the second last week of the semester.

Incomplete Grades

An incomplete grade given in any term (i.e., first and second semester, Winterim, Summer Session) becomes a failing grade if the work is not completed within three weeks after the end of the final examination period for that term or by the time agreed to between the instructor and student. Requests for extension of time to resolve an I grade will be approved only when the instructor is satisfied that circumstances prompting the request justify waiving this three-week policy. In unusual circumstances, beyond the control of the student and the approval of the instructor, incomplete grades can be held for one semester.

Individual Instruction/Independent Study/ Guided Study

Students may be given the option of taking a course as Individual Instruction or Independent Study or Guided Study. Further information is available on the CU Portal.

Transcripts

An official transcript bears the seal of the University and the signature of the Registrar or his/her representative. Official transcripts may be given to students or alumni or can be mailed directly to institutions or persons considering the applicant for admission or for employment.

An unofficial transcript is given to the student whose credits are listed thereon and is marked unofficial. Concordia University accepts no responsibility for the accuracy of an unofficial transcript after it has been issued.

Federal regulations require the student's signature before the record can be released. You can access the transcript request form by visiting our website: www.cuw.edu

Class Adds-Drops

A student may add a course before no more than 15% of the scheduled class periods have occurred. The table below is a guide for the various

courses and the maximum times of meeting after which registrations are not permitted. Consent of the instructor must also be secured.

Course Credits	Value Class Periods
1/2	1
1	2
2	4
3	6
4	8
5	10

A regular semester class may be dropped without an impact on a student's GPA through the end of tenth week of class (for seven week classes - end of the fifth week). Failure to withdraw from a class will result in a grade of F.

A full-time student may register through the last day of the first full week (5 days) of classes in the semester.

The instructor's signature is required after the first week.

Audit Policy

An audited class will appear on the transcript as a zero-grade point class with a grade of AU, and no credits earned. Students may sign up to audit a traditional class before the semester starts as long as there is room in the class. After the semester starts, students may change their registration status from enrolled for credit to audit up until the drop deadline. Students taking accelerated classes must register as an audit before the class starts. The university offers audits on a space-available basis, and programs/majors/instructors have the ability to not allow audits: such policies need to be stated in writing. Self-paced online classes cannot be audited.

A student who audits a course has access to the in-class (and/or online) didactic portions of the course. The student is expected to attend class, but the student is not required to participate in any of the course's assessment activities, and the instructor is not required to assess the student's progress in the course (that includes the formulation of a comprehensive assessment such as a course grade). The university does not require, expect, or allow the student with a documented disability – other than a physical disability – to participate in its disability services process, as the students will not take part in the university's course assessment. Skills courses, such as foreign language, applied music, and some art courses are not available for audit.

Change of Name or Address

Students are to promptly notify the Registrar in writing of any change in name or address.

Academic Honors

The Provost's Scholastic Honors List

The Provost's Scholastic Honors List for the University is composed each semester of those full time students who have a semester grade point average of 3.6 or above. Students must earn at least 12 undergraduate credits in a semester to be eligible; graduate credits are not considered for this honor.

Graduation with Honors

- A candidate who achieves a cumulative grade point average of 3.90 or better will be graduated **Summa Cum Laude**

- One who achieves a cumulative grade point average of 3.80 or better will be graduated **Magna Cum Laude**
- One who achieves a cumulative grade point average of 3.60 or better will be graduated **Cum Laude**

Awards

Concordia considers it right and proper to recognize through special awards unusual proficiency and performance in a certain area of learning as well as in worthwhile and purposeful co-curricular activity. Many such awards are given annually to students who have demonstrated exceptional achievement or who have made unusual contributions. From time to time, friends of Concordia have established such awards and have usually stipulated conditions under which the respective award should be given. Since in these instances the recognition aspect is more important than the financial element, Concordia has listed these as awards rather than scholarships. Such awards include:

- American Bicentennial Award in Business
- Walter W. Stuenkel Award
- E. R. Brann Citizenship Award
- Science Awards in Life Sciences, Mathematics, and Physical Sciences
- Wilhelm Schickard Award in Computer Science
- Moeller Award in English, German, Greek, Hebrew, Latin, and Spanish
- Religion Award
- Northrup-Bartelt Memorial Music Award
- Nightingale Nursing Award
- Charles W. Finke Health and Human Performance Award
- Marsha Konz Student Educator Award
- Marsha Konz Graduate Educator Award
- CUW Visual Arts Award
- Søren Kierkegaard Philosophy Award
- Zondervan Publishing House Award in Greek, Hebrew, and Theology

Traditional undergraduate students who are dismissed from a particular academic program, but not from the University, may appeal their dismissal within the process established by their program. Students who are dismissed from their program and whose appeal was denied by their program may only appeal to the Academic Office if they believe that their program's appeal process was not properly followed. If that is the case, the student will present an argument in writing to the Academic Office. The appropriate Chief Academic Officer (CAO) or designee will examine the request, and if s/he ascertains that due process was not followed, s/he may return the appeal to the program for reconsideration. This decision will be communicated to the student within 10 working days of receiving his/her request.

Students who are dismissed from the University may schedule an appeal with the Traditional Undergraduate Academic Appeals Committee (TUAAC) through the Academic Office. In advance of their appeal appearance, students must send a letter to the Academic Office that explains why they were not successful and what they plan to do to improve their academic performance should they be readmitted. In most cases, the TUAAC will render a decision immediately after meeting with the student. Students who lose their appeal must sit out at least one semester, after which they may re-apply for admission. Their re-application will be enhanced if they can demonstrate academic success at another school in the intervening period. The TUAAC on the Mequon campus consists of the AVP of Academics for Student Success (who chairs the committee), the Registrar or designee, the Director of Advising,

the Director of the Learning Resource Center, a representative from Student Life, the student's academic advisor, and one of the student's instructors. The TUAAC on the Ann Arbor campus consists of the CAO (who chairs the committee), the Asst. Registrar, the ARC Director, the Coordinator of Student Success and Retention, the Dean of Students, the student's academic advisor, and one of the student's instructors.

Emerging Scholar students who are dismissed from the University may appeal in writing to the Director of Emerging Scholars Program who, along with the appropriate Center Director and Academic Support Coordinator, will meet with the student and render an immediate decision.

All dismissed students may appeal a decision to the President of the University (if at Mequon) or to the Chief Administrative Officer (if at Ann Arbor) in writing within 5 working days of the decision only if they can demonstrate that due process was not followed.

Academic Dishonesty

Academic honesty is the foundation of our education institution. Without it, we make a mockery of the academic endeavor and the ultimate rewards associated with a degree in higher education. At Concordia, honesty is central to our Christian identity and way of relating to one another. The names of students found guilty of engaging in academic dishonesty will be reported to the Provost's Office. Types of academic dishonesty can be defined in the following manner:

- Cheating: includes, but is not limited to: a) the use of unauthorized assistance in taking any type of test or completing any type of classroom assignment; b) assisting another student in cheating on a test or class assignment, including impersonation of another student.
- Plagiarism: includes, but is not limited to: a) failure to give full and clear acknowledgement of the source of any idea that is not your own; b) handing in the same assignment for two different courses without the consent of the instructors.
- Fabrication: includes, but is not limited to: the forgery, alteration, or misuse of any University academic document, record, or instrument of instruction.
- Academic misconduct: includes, but is not limited to: intentionally or recklessly interfering with teaching, research, and/or other academic functions.

Disciplinary Actions

- First instance: The faculty member determines the penalty. This may include any of the following: an opportunity to redo the assignment or test, a reduced grade on the assignment or test, a failing grade on the assignment or test, a lower grade in the course, a failing grade in the course, or removal of the student from the course.
- Second instance: The faculty member determines the penalty, and the campus-specific Chief Academic Officer (CAO) or designee connects with the student at which time additional sanctions may be imposed.
- Third instance: The faculty member determines the penalty, and the Academic Conduct Board (ACB) meets with the student at which time additional sanctions may be imposed, including suspension or expulsion. On the Mequon campus the ACB consists of the CAO at Mequon, AVP of Academics for Student Success, and the Dean of the School in which the student resides. If the student is an adult learner, the appropriate Center Director joins the ACB. If the student is

a graduate student, the appropriate Program Director joins the ACB. The decision of the ACB is final.

Appeal Process

On the Mequon campus students may appeal a faculty-issued academic dishonesty decision or penalty in writing to the Dean of the School in which the course was offered within 15 working days of receiving the report. The Dean (in consultation with the Department Chair or Program Director or Center Director) will consider the appeal and render a decision within 10 working days of receiving the appeal and issue a written response to the student.

General Academic Grievances

The steps listed below are to be carried out with an attitude of Christian love and concern for academic, moral, and spiritual growth. Face-to-face meetings are encouraged throughout the process, but may not be possible because of the situation.

- Step 1: The student meets with the instructor to resolve the matter informally.
- Step 2: Face-to-face Ann Arbor students should proceed to step III. Traditional undergraduate students submit a written grievance to the Department Chair of the program in which the course was taught within 10 working days after meeting with the instructor. Upon receipt of the student's grievance, the Department Chair will notify the instructor, who will then have 10 working days to submit a written explanation of the incident to the Department Chair. Within 5 working days of receiving the instructor's report, the Department Chair will send a written response to the student and the instructor. Adult learners follow this step with their Center Director. Graduate students follow this step with their Program Director. Full-time online students follow this step with the Executive Director of the OCDE.
- Step 3: If the student is still not satisfied, s/he may file a written complaint with the Dean (at Mequon) or campus Dean (at Ann Arbor) of the School in which the course was taught within 10 working days of receiving the step II report (if applicable). The Dean or campus Dean will render a decision and send a written response to the student, the instructor, and the Step II University official (if applicable) within 10 working days of receiving the grievance.

Graduation

Concordia University confers the degree of Bachelor of Arts, Bachelor of Science, Bachelor of Science Nursing, or Bachelor of Social Work on a student of good character who has met the following requirements:

1. accumulated a cumulative grade point average of 2.00 or better for all credited work completed at Concordia University;
2. earned a minimum of 36 semester credits of academic work on campus, at least 12 of which should be in the major and 6 in the minor, and have spent the last two semesters in residence including the one immediately prior to graduation;
3. satisfied any program-specific requirements;
4. met all financial obligations to the University.

Concordia University confers the degree of Associate in Arts on a student of good character who has met the following requirements:

1. a cumulative grade point average of (2.00) or better for all credited work completed at Concordia University;
2. spent at least two semesters in residence, including the one immediately prior to graduation. Evening division degree candidates

need not meet residency requirements, but instead must complete a minimum of 18 semester hours of academic work on campus;

3. satisfied any program-specific requirements;
4. met all financial obligations to the University.

Graduation Application

Each candidate for graduation must complete a Graduation Application online by the assigned deadline, prior to commencement.

Graduation Fee

A fee is assessed for all graduates to cover graduation expenses. The graduation fee is required of all students, whether or not they attend commencement.

Commencement Participation

In order to participate in commencement, the student must have:

- completed all coursework in the degree (or be in the process of taking the final class);
- completed the Graduation Application;
- paid the graduation fee.

Withdrawal from the University

Students who wish to withdraw from the University during a term must notify the Director of Academic Advising and Retention Services. If withdrawal is authorized, the student will receive the notation "W" on their permanent academic record for each course in which they are in good academic standing; for each course, in which the student is doing failing work, they receive the notation "WF." In the event that a student is seriously injured/ill, receives an official leave of absence, or cannot continue for any acceptable reason, the student will receive a "W" in all registered courses.

A student who discontinues attending classes without official permission to withdraw will receive a grade of "WF" for all registered courses.

All students who are dismissed for conduct/behavioral reasons are to leave the campus and remain away until permission to return is granted. Any deviation from this policy may result in forfeiting the possibility of readmission. Requests for exceptions are to be addressed to the Vice President of Student Life.

Students dismissed for academic reasons are able to be on campus visiting unless otherwise noted in their dismissal. Students wishing to return to the University must wait at least one semester before re-applying for admission through the Office of the Vice President of Enrollment Services.

Winterim

Winterim offers students the opportunity either to explore topics not in their regular course of studies or to take courses that are part of their Core, major, or minor programs. Students pay a reduced per credit tuition for these three week January courses. 2-3 credits are typical; 4 is maximum.

Online Course Policies

Concordia University cares about the active engagement of students in coursework. Just as showing up for work is critically important to job security and work effectiveness, showing up for class, whether it is online or face-to-face, is critically important for students to master the

career skills and concepts necessary for the degree in which they seek. Every effort should be made by students to attend and be academically engaged in every class and/or laboratory session.

Online Attendance Policy

Attendance in an online course is defined as “active participation in the assignments laid out in the course syllabus”. For these purposes, an assignment is an individual discussion, quiz/test or drop box submission that is completed in the Learning Management System and is eligible for grading.

Attendance may include, but is not limited to, participating in a weekly discussion board, completing a journal entry, or submitting/completing assignments in the Learning Management System (LMS). Logging into a course, without engaging in one or more of the above activities, does not qualify as attendance.

As of January 1, 2016, student attendance is tracked for all online courses and failure to be actively participating in a course – without communication to the instructor or response to outreach – will result in a student being administratively withdrawn.

Once a course begins, a student will remain active in the course unless he/she:

- Requests to drop/withdraw from the course;
- Is administratively withdrawn from the course for failure to begin;
- Is administratively withdrawn from the course for non-attendance;
- Is administratively withdrawn from the course for other reasons, e.g., disciplinary suspension, etc.

The University reserves the right to initiate an administrative withdrawal from a course whenever a student violates the Attendance Policy.

PLEASE NOTE: A drop/withdraw – whether requested by the student or performed by the University for one of the reasons listed previously – cannot be overturned. Students are encouraged to speak to their academic advisor AND the financial aid office to understand academic and financial implications BEFORE requesting to drop/withdraw from a class.

Online Non-Attendance Definitions

- **Never Attended Class:** A student who has not attended class (i.e. submitted work in the LMS) as of 11:59pm CST on the 28th day (for self-paced), or 8th day (for collaborative), will be administratively withdrawn from the course. A \$55 non-refundable fee will be charged to the student’s account for failure to begin.
- **Submitting Work Outside LMS:** A student submitting work outside of the LMS (i.e. work emailed to instructor; work submitted in an alternate system such as WILEY, LiveText, etc.) is not considered to be in attendance.
- **Attending but Becomes Absent:** A student who has attended class but becomes absent per the definitions below, with no contact to the instructor, response to outreach, or documented request to drop the class, will be administratively withdrawn. The student will be assigned a failing grade (F) if the withdraw occurs past the drop deadline. Absence in online courses is defined as not participating in discussion threads or turning in assignments.

Collaborative Courses:

- Absent 4 consecutive weeks of a 16-week collaborative course
- Absent 3 consecutive weeks of a 12-week collaborative course
- Absent 3 consecutive weeks of a 10-week collaborative course
- Absent 2 consecutive weeks of an 8-week collaborative course
- Absent 10 consecutive days of a 6-week collaborative course
- Absent 7 consecutive days of a 4-week collaborative course

Self-Paced Courses:

- Absent 3 consecutive weeks of a 12-week self-paced course (attendance tracking begins once a student submits work for the class)

NOTE: Any time a student is added, dropped, or withdrawn from a course – whether requested by the student or performed by the University – financial aid will be reviewed per federal regulations. Last dates of attendance in courses, determined by this Attendance Policy, will be used by the Financial Aid office in calculating a “Return to Title IV” (r2t4). This determines when and to what extent funds must be returned to financial aid funding sources. In some circumstances, a student may owe the University a portion of their tuition and any cash release they may have received.

Online Drop Deadline Policy

Self-Paced Courses:

No Grade

- A drop request within the first four (4) weeks AND before an assignment submission will not incur a grade or be recorded on the student’s transcript.

Withdraw (W)

- Up to the end of the ninth (9) week from registration, a drop request or administrative withdraw will be processed as a withdraw (W). The W will show up on the student’s transcript but does not affect the student’s GPA.

Failing Grade (F)

- After the ninth (9) week of a course, a drop request or administrative withdraw will be processed as a failing grade (F). The F will show up on the student’s transcript and it will affect the student’s GPA.

Eight week Courses

- Up to the end of the sixth (6) week of the course, students may drop and receive a withdraw (W).
- After the sixth (6) week of class, a drop will incur a failing grade (F).

Six week Courses

- Up to the end of the fifth (5) week of the course, students may drop and receive a withdraw (W).
- After the fifth (5) week of class, a drop will incur a failing grade (F).

Four week Courses

- Up to the end of the third (3) week of the course, students may drop and receive a withdraw (W).
- After the third (3) week of class, a drop will incur a failing grade (F).

Online Tuition Refund Policy

After the start of a course, no refunds may be applied to the student's account without a written request to drop a course or completion of the Online Drop Request Form: www.cuw.edu/departments/ocde/drop.cfm.

Students who wish to drop a class prior to the Drop Deadline will receive a pro-rated refund of educational fees according to the following schedule:

Date	Percentage
Prior to the submission of the first assignment	100
After submission of one (1) assignment	67
After submission of two (2) assignments	33
After submission of three (3) assignments	0

EDGT - Professional Development Courses: Students who begin to submit work for an EDGT course will be ineligible to receive a refund. A full refund is only possible if no work has been submitted to the course.

NOTE: After the Drop Deadline for a course, students will not be eligible for a tuition refund.

Student Services

Student Life

Student life at Concordia is full of opportunities for the students to find and express themselves in their own way. Indeed, the whole educational venture is directed toward and dependent upon the individual student. What happens in the classroom, in the residence halls, and in the community is what a Concordia education is all about.

This may be accomplished in many ways. Students may elect to be a part of student leadership structure and serve on one of the student activity committees. They may decide to develop skills in the performing and creative arts and take part in some of the many dramatic, musical, artistic, and literary pursuits available on campus. They may want to participate in intercollegiate or intramural athletics, religious or service activities, and social programs.

The co-curricular program at Concordia is designed to help explore many avenues.

Christian Service and Worship

Concordia, in its Christian service and worship program, endeavors to give the students a real purpose in life, to believe more firmly in the redemption wrought by Jesus Christ, and to learn to live their lives more fully and more understandingly as constrained by the love of Jesus Christ.

Chapel services are held Monday through Friday, as well as a Sunday morning worship service. Staff, faculty and students participate in these services through songs and messages, chancel dramas and other special presentations, along with guest speakers who have broad backgrounds in Christian service.

Devotions are held in the residence halls and personal Bible study is encouraged. In the classroom environment, faculty members seek to conduct classes emphasizing Christian growth and maturity along with the attainment of academic goals.

Numerous opportunities exist on and off campus for students who seek to serve the University and its larger community.

A variety of Christian service opportunities help individuals to express service through such related activities as tutoring fellow students, sharing the problems of the aged in area rest homes or joining with local churches in evangelism outreaches.

Co-Curricular Activities

The co-curricular activities of the University are under the supervision of the Vice-President of Student Life. Faculty advisors and/or student leaders in the areas of Spiritual Life and Student Life do most of the planning for co-curricular activities.

Even though co-curricular activities are on a voluntary basis and no college credit is granted, except for specific music activities, students who do participate are afforded the opportunity to explore their leadership potential and learn basic skills of organization, planning, implementation, and evaluation.

Co-curricular activities include lectures, concerts, dances, exhibits, forums, and other social functions. Campus organizations and clubs include religious, music, dramatic, business, nursing and recreational.

Drama is an exciting area of campus life. Productions have included musicals, children's theatre, one-act plays and a variety of other dramatic offerings.

The Concordia student has a wide range of musical activities to choose from. The student can audition for a role in a musical drama and participate in a full range of musical activity in choral, handbell, or instrumental ensembles.

Intramurals

A healthy balance between mental and physical activity is at the root of Concordia's intramural offerings. Exercise and competition can also help men and women grow and mature, whether possessing many athletic talents or very few. The important result of participation will be fun.

To help make maximum use of leisure time, Concordia provides extensive intramural opportunities through a program of leagues, tournaments, and recreational free play.

Intercollegiate Athletics

Concordia University Wisconsin currently offers a variety of 21 sports on the intercollegiate level.

The Falcons compete in a several conferences and associations. Men's Hockey competes in the Midwest Collegiate Hockey Association, the women compete in the Northern Collegiate Hockey Association, men's lacrosse is a member of the Midwest Lacrosse conference, the women compete in the Midwest Women's Lacrosse Conference, wrestling is a member of the Midwest Wrestling Association, and the remaining sports all participate in the Northern Athletics Conference.

Both the men and women's teams have enjoyed success in their respective conferences. The Falcons have an excellent coaching staff and a rapidly growing, competitive athletic program.

The entire Concordia Athletic Department is governed by the NCAA Division III as of August 31, 1997.

Housing

Residence halls at Concordia are in a real sense living/learning centers. They are minicommunities largely directed and managed by students serving in the capacities of Resident Assistants. A Resident Director for each residence hall serves in a supervisory capacity and is responsible to the Director of Residence Life.

The University provides a desk, chair, wardrobe, bed, and micro-fridge. The resident must furnish his/her own desk lamp, blankets, linens, pillows, towels, and toilet articles. Students who desire to stay in University housing should obtain further information from the Office of Residence Life. Each resident must make application for housing and sign a housing contract before taking up residence.

Guidance and Counseling

At Concordia University every student receives personal consideration and attention. A Director of Counseling supervises the counseling activities on the campus. The director serves as a counselor for students desiring personal counseling. Students are referred to agencies in the community as individual need warrants.

Health Service

The University's concern for holistic growth and general well being of the campus community is further demonstrated through the maintenance of a health service. The professional services of a registered nurse, nurse practitioner, or medical assistant are contracted on a part-time basis.

The Health Service is operated at set hours for evaluation and treatment of minor illness, first aid, and consultation regarding health matters. A physician serves as a consultant and for referral. The Health Service instructs and supplies selected personnel with materials for dealing with minor problems. Serious illness and emergencies are referred to local professional health care agencies.

All Concordia students are encouraged to carry adequate health and accident insurance, either through the university or individual policies. Varsity athletes are required to show evidence of adequate coverage as a prerequisite for varsity participation. International students are also required to show evidence of adequate medical insurance coverage.

The Athletic Training Department works in conjunction with the Health Center for the health and well-being of Concordia's students, staff, and faculty. The Athletic Training Department is staffed by Board Certified Athletic Trainers, as well as student workers who are pursuing certification by the National Athletic Trainers' Association Board of Certification.

The Athletic Training Department offers first aid and rehabilitation care for soft tissue and bone injuries as well as after various orthopedic surgical procedures. Students, faculty, and staff can utilize this care by calling 243.4369 or stopping by the athletic training facility at the north end of the fieldhouse to make an appointment. Following a thorough evaluation of the injury or complaint, a plan for rehabilitation care will be provided. Modalities such as ultrasound, hydrocollators, and electric stimulation may be utilized to assist with the plan of care, along with specific exercises, flexibility, and functional assessment and correction.

Bookstore

The CUW Bookstore is located in the Student Union. Textbooks, supplies, greeting cards, clothing, gifts, and personal drug store items can be purchased in the CUW Bookstore. Also available for delivery are special order balloon and gift packages. Textbooks are available to purchase one week before classes begin each semester. Also, textbooks can be reserved on the bookstore web site approximately one month prior to the start of the fall and spring semester for undergraduate classes. Textbook buybacks take place twice each semester. One buy back takes place mid semester, and the other takes place during finals week at the end of each semester. An outside company performs textbook buybacks and also determines the price in which students receive for textbooks from each buyback.

For a listing of hours, questions, or additional information, contact the CUW Bookstore at 262-243-4349.

Computing Facilities

Concordia University Wisconsin has a number of student computer laboratories available for general usage. Computer lab and e-mail access is free to all CUW students who fill out the appropriate form and agree to abide by the university's ethical use guidelines established for computer users. Laser printing is also free of charge. All of our computers are connected to the internet.

Over 200 current PC's and Mac's are available for student use in six labs and other specified locations on campus. Some labs are open to students 24 hours a day 7 days a week. Concordia's labs provide a variety of popular software application packages.

Mail Services

Individual mailboxes, located on the lower level of Heidelberg Hall, are provided for all resident students at no charge. The student resident's mailing address (different than the "administration" address) is:
(Student's name) MB # _____ 700 W. Highland Rd.
Mequon, WI 53092-3304

Stamp sales and other outbound mailing and shipping services are also available to the campus community in lower Stuenkel Hall.

Learning Resource Center (LRC)

The Learning Resource Center (LRC) offers both on-campus and online academic support for accelerated learning students. The Learning Resource Center is housed at the Mequon campus. Hours of operation are Monday – Friday, 8:00 a.m. – 4:30 p.m. For more information, please call 262-243-2623 or send an email to swlrc@cuw.edu (swlrc@CUW.edu).

The Writing Center

Accelerated learning students have two options to utilize in the Writing Center. They can make in-person appointments at the Mequon Campus and/or they can submit their work online through CUW's Online Writing Lab (OWL). The OWL is maintained by training Writing Center staff. Writing Consultants offer constructive comments about student projects. The OWL staff reviews essays and assists students with brainstorming, researching, formatting, and revising. To submit an essay to the OWL, visit www.cuw.edu/OWL. Accelerated learning students are also welcome to visit the Writing Center for in-person consultations. There are two locations on the Mequon Campus, one in the Learning Resource Center (Luther 200), and one in Rincker Memorial Library. Writing Center Consultants work with students at any stage of the writing process. To make an appointment for an in-person consultation, please visit tutortrac.cuw.edu or call 262-243-2623.

Math Drop-In Desk

Accelerated learning students are welcome to visit the Math Drop-In Desk located on the Mequon campus in the Learning Resource Center (Luther 200). The Math Drop-In Desk offers assistance with statistics, algebra, business math, and most other math-related questions. Tutoring takes place on a first-come first-served basis, in short 30-minute sessions. For more information about the Math Drop-In Desk or to request a schedule, contact the LRC at 262-243-2623.

Smarthinking

Smarthinking is a free online tutoring service staffed by trained online instructors who can tutor students in the general undergraduate subject areas of Mathematics (Algebra, Geometry, Trigonometry, and Calculus), Science (General and Organic Chemistry, Physics, Biology, Anatomy, Physiology), Business (Introduction to Accounting, Economics, Statistics, Finance), Spanish, and Writing. Students may use Smarthinking services for up to 15 hours per semester. Please visit www.smarthinking.com (<http://www.smarthinking.com>) to view the disciplines for which Smarthinking offers academic support.

Students may access the following Smarthinking tutoring options through the Blackboard component of your choice:

- Real-time chat with online instructors who specialize in select disciplines
- Pre-arranged chat appointments offered for a variety of subject areas
- Submission of coursework-related questions to Smarthinking online instructors
- Access to an electronic library of academic resources

For more information on Smarthinking, students can contact the Support Services Coordinator at (262) 243-4535.

Academic Skills Development

The LRC at CU offers assistance with developing proficiencies vital to a successful college career, such as time management, note-taking, reading comprehension, test-taking, and using and citing sources in research papers. Students who are off-site and unable to travel to the Mequon campus should contact the LRC to access online workshops and other academic skill resources. Students able to travel to the Mequon campus can schedule a meeting with an academic skills coach by calling (262) 243-2623 or emailing swlrc@CUW.edu.

Disability Support Services (DSS)

CU is committed to students with disabilities and ensuring academic accessibility needs. The LRC assists students with obtaining and implementing reasonable accommodations in accordance with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and relevant regulations and case law. Students with disabilities should contact the LRC upon enrolling for further information about securing accommodations. If you are a student with a documented disability and need accommodations for any course, please register with Disability Support Services. Contact the Director of the Learning Resource Center and Disability Support Services by calling 262-243-4299 and find out how to get started at www.cuw.edu/dss. Students with disabilities must disclose their disability with DSS and submit documentation from a licensed professional of his/her disability/impairment. For more information, or to request accommodations, please visit www.cuw.edu/dss or send an email to dss@cuw.edu.

Library Services

The Rincker Memorial Library has the primary goal of meeting the information needs of CUW students as they participate in the University's programs of study in pursuit of Christian education at the undergraduate and graduate levels. The Library works together with the faculty and administration to select, acquire, and make available materials and resources consistent with fulfilling the University's mission of providing excellence in Christian education.

Center for Academic Advising and Career Engagement

The Center for Academic Advising & Career Engagement bolsters the holistic development of Concordia students and alumni by providing comprehensive academic and career support toward the development, implementation, and fulfillment of academic, career, and vocational goals.

The Center for Academic Advising & Career Engagement operates from a learning-centered paradigm; in essence, through your advising experience you will learn several skills which complement your academic and professional preparation. We recognize God created you on purpose, for purpose and thus strive to learn about your many talents, interests, and aspirations. Our goal is to help you develop an awareness of

what makes you uncommon so you can harness those gifts to fully engage with meaningful learning opportunities in the classroom, in the community, and in the workforce. As with your academic experience, the ultimate responsibility is upon you – the learner – to fully engage in your educational and career pursuits. We will be with you every step of the way and simply ask that you keep us informed of questions, concerns, and changes to your plans as they arise, so we may best assist you along your journey.

Tools for Professional Development

- Handshake is our Career Services online tool. You can use this to find jobs, internships, and other career resources. This innovative platform will help take you through college and into the first Handshake with your employer.
- Career Document Series: This is located on our cuw.edu/careers website. Visit this for a complete list of information that will be helpful in preparing your professional documents, interviewing, and other aspects of your career.
- Focus v2 will help you find out more about yourself with its skills, personality, values, and work interest assessments. Find out what you can do with your major and how to start down a path toward success.
- CUWConnect is a tool that will allow you to connect with current alumni in your field. Alumni can be an invaluable resource as you pursue your vocation. Create an account and begin searching for mentors and connections in your interest area.

Responsibilities

Students are responsible for the development, implementation, and fulfillment of their vocational aspirations by:

- Taking the initiative to seek advising – you should meet with your advisor twice a semester
- Understanding and fulfilling all program requirements – use your Academic Catalog
- Staying apprised of curricular changes – you should read and respond to all emails from your support network (ie, Advisors, Faculty, Deans, etc.)
- Utilizing campus and academic resources – you should use at your discretion and at the suggestion of advisors & instructors

Advisors are responsible for the development, implementation, and fulfillment of students' vocational aspirations by:

- Communicating regularly with each advisee – we will be responsive to phone calls and emails
- Keeping students apprised of curricular policies and changes – we will be in constant communication with both your program faculty and you
- Helping students evaluate their academic performance and vocational decisions – we will provide clear & honest feedback and will articulate options for decisions
- Referring you to campus and academic resources as appropriate – these are intended to aid in your academic success

The University is responsible for the development, implementation, and fulfillment of students' vocational aspirations by:

- Communicating requirements and expectations for graduation – follow the Academic Catalog

- Providing a structure to fulfill those expectations in a timely fashion – use the advice of advisors and faculty, course sequencing and offerings are very important
- Providing appropriate access to academic and campus resources – we have a lot of people who want to see and help you succeed

Reserve Officer Training Corps Air Force Reserve Officers Training Corps

Concordia University students have the opportunity to fully participate in the Air Force Reserve Officers Training Corps program. Students enrolled in the Air Force ROTC program attend AFROTC courses at Marquette University.

Through the program, Concordia offers its students the opportunity to prepare for initial active duty assignments as Air Force Commissioned Officers. In order to receive a commission, AFROTC cadets must complete all university requirements for a degree and courses specified by the Air Force. AFROTC offers four-, three-, two-, and one-year programs leading to a commission as an Air Force officer. Four-year program students complete the general military course, the professional officer course, in addition to a four-week summer field training between their second and third years in the program. Two-year students complete only the professional officer course. One-year students complete a seven-week field training session.

AFROTC College Scholarship and Scholarship Actions Programs: These programs provide scholarships to selected students participating in AFROTC. While participating in AFROTC, students receive \$250-400 per month along with paid tuition, fees, and a fixed textbook reimbursement.

For more information, contact the Department of Aerospace Studies at Marquette University (414) 288-7882.

Army Reserve Officer Training Course

Concordia University students have the opportunity to fully participate in the Army Reserve Officer Training Course (AROTC) program. Students in the program attend AROTC courses at Marquette University. This program prepares Concordia University students for commissions in the U.S. Army, Army National Guard, or the U.S. Army Reserve.

There are two program options a four- or two-year program. The four-year program is divided into two phases: the basic course (taken during the freshman and sophomore years) and the advanced course (taken during the junior and senior years). The two-year program is designed for students at four-year institutions who did not take AROTC during the first two years of college, students entering a postgraduate course of study, or students who have prior military service. Students enrolling in the advanced course who have not taken the basic course will begin their training with a five-week paid summer session at Fort Knox called the Leader's Training Course or a one-week program held at Marquette called Accelerated Cadet Commissioning Training.

The Army offers a number of scholarship opportunities to Concordia University students enrolled in the ROTC program. There are two-year,

three-year, and four-year active duty scholarships as well as two-year U.S. Army Reserve and National Guard scholarships available. These scholarships are awarded on a competitive basis by the Department of Military Science at Marquette University and can be applied to tuition expenses at Concordia University. In addition to the scholarships, all contracted students in the advanced course receive a \$250-400 monthly stipend.

Prospective students interested in the Army ROTC program are encouraged to visit the Army ROTC website www.armyrotc.com (<http://www.armyrotc.com>), the Marquette Army ROTC website www.mu.edu/rotc/army/html, (<http://www.mu.edu/rotc/army/html>) or contact our Enrollment and Scholarship Officer at Marquette University (414) 288-2046.

Cooperative Programs

Concordia University Wisconsin enables students to enrich their academic preparation by taking courses at other higher education institutions with which CUW has a written agreement. Consult the Registrar's Office for eligibility and guidelines.

Program Changes

Requirements are subject to change in programs, majors or minors.

The Individualized Major and Minor

(Major 30 cr. minimum) (Minor 18 cr. minimum)

An exception to the requirement of a readymade major may be granted to a limited number of capable students with special needs or interests. For example, the student whose particular academic interests or career goals may better be served by a distinctive and flexible, but related grouping of courses, that provide for sustained contact with some problem or topic, may develop an appropriate major within the existing resources of the college.

Such self-designated proposals are initiated by the student with the aid of the mentor or academic advisor, developed with the assistance of a professor from an appropriate field, and submitted to the Academic Council for evaluation and recommendation. Final action rests with the Vice President of Academics. If approved, a copy of the plan must be filed in the student's records by the Registrar.

The Office of International Student Services (OISS) & Study Abroad

Nature and the Scope of the Office

OISS provides students with opportunities to study away from the Concordia University Wisconsin campuses. Concordia's students are eligible to participate in the Concordia University Systems Visiting Student Program, which allows them to spend a semester or two at another of the system's ten colleges. The Office is also responsible for coordinating and promoting international opportunities for the university community as well as distributing global education grants among students to encourage international study.

Mission Statement for International Study

The Office of International Study seeks to help students gain a global perspective and develop the ability to interact with people of other cultures within a quality academic program.

Eligibility for Global Education Grants

The Office of National & International Study will distribute a finite number of global education grants to students who meet, among others, the following qualifications: a full-time student; have earned 60 undergraduate or 21 graduate credits from CUW; be a citizen or permanent resident of the United States; and participate in the international experience for university credit. Please check with the Office of National & International Study or its web page on CUW web site for complete information and/or an application.

SCHOOL OF ARTS AND SCIENCES

The School of Arts and Sciences educates men and women to be thoughtful and articulate people of faith who, rooted in the liberal arts, contribute in meaningful ways to their families, communities, and cultures. It does this in two primary ways. First, the School offers over thirty programs of study, including the arts, communication, computer science, the humanities, the natural sciences, and the social sciences.

Each program focuses on educating the whole person by developing skills necessary for future careers and providing insights that shape Christian citizens for a global society. Second, the School of Arts and Sciences houses the Core Curriculum, which provides a framework for continued learning, development, and growth in a lifelong pursuit of Vocation. Through a study of the liberal arts, the Core offers students a broad understanding of their place in the world, and is a meaningful, unifying influence for all Concordia graduates.

Art

The Art Department at Concordia University Wisconsin offers a wide range of majors and minors for students who want to pursue a vocation in the visual arts or who simply enjoy art and would like to enhance their knowledge and skills. Built upon a Christian liberal arts foundation, courses in the department develop both manual and digital skills. Career preparation includes work with area clients and extensive preparation of a professional portfolio.

Art Education (K-12) Major

The Art Education Major consists of 95 - 101 credit hours of course work, dependent upon whether the student chooses a public school or Lutheran education focus. In both cases coursework blends studio and education courses to fully prepare students for a rewarding career in art education. Upon successful completion of all coursework, including a semester of student teaching, art education majors earn full licensure by the State of Wisconsin to teach art at the elementary and secondary levels (K-12). Program requirements include purchase of a Mac laptop (available at reduced prices via my.cuw.edu). In addition to requirements for K-12 Education, art education majors complete the following required coursework in the areas of art, and art education.

Art Major

The Art Major consists of 40 credit hours of course work including a wide variety of studio courses, and courses in art history, aesthetics, and portfolio preparation. Art majors experiment with a variety of materials and techniques to encourage artistic and cognitive growth while mastering media as means of personal expression. In addition to the 45-credit Liberal Arts core requirements and required courses listed below, all art majors are encouraged to complete requirements for a minor. A Business or Marketing Minor is strongly recommended to help students develop the skills they will need to channel their talents into a successful career. Program requirements include purchase of a Mac laptop (available at reduced prices via my.cuw.edu).

Interior Design Major

The Interior Design Major consists of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia and offers two unique choices to prepare students for an exciting career designing residential and commercial interiors; Interior Design Foundations and Interior Design Specializations. In addition to the 45-credit Liberal Arts core requirements (completed on the Concordia Campus) and required courses listed below, all interior design majors must complete requirements for a minor. To develop skills necessary for the most successful career, an Art or Business minor is strongly recommended. Students selecting the Business Minor should work closely with their advisor regarding appropriate core course choices.

For specific information about MATC courses, please visit the MATC website (<http://www.matc.edu>).

Communication

OUR MISSION: To help students in Concordia's Communication Department grow in their understanding and application of communication skills for service to Christ in the Church and the world.

COMMUNICATION VOCATIONS: The Communication Department prepares graduates for media, non-profit, government, or corporate jobs in communication-related fields.

MAJORS: Students majoring in Communication earn a total of 45-48 credits in majors including Mass Communication, a minor in Christian Service Learning, Sports Media, and Theatre. Students majoring in Mass Communication take 24 credits in the Communication Core and 21-24 credits in the major. The Communication Core emphasizes writing,

speaking, interpersonal, and small-group communication skills. Students will apply theoretical and practical knowledge in a senior seminar project and by participating in a 3-credit internship.

The **Mass Communication Major/Minor** provides a broad-based liberal arts approach to better understanding and using radio, television, film, video, and print media. An emphasis is placed on giving students skills in writing and editing skills across the various media.

MINORS: The Communication Department offers minors for students majoring in a non-Communication field. Mass Communication may be taken as a minor by students regardless of their major. Finally, a 21-credit Speech Communication Minor licensed by the Department of Public Instruction is offered through our Education Division in association with their Elementary and Secondary Education program. (See School of Education.)

Communication Core

All Mass Communication majors take the Communication Core. Classes required in more than one major/minor may be used to "double dip" or fulfill requirements in each Communication major/minor without the need to substitute a different class up to six credits. Mass Communication majors must complete a minor or a second major.

Computer Science

Computer science and information technology are the foundations of 21st century technology. From animation to music, from automobiles to virtual reality, from analytics to informatics, from augmented reality to robotics, computer scientists and information technologists create and apply the technology that empowers society.

Computer science and information technology focus on real world problem solving. These programs are not just for geeks. CS and IT are for creative people who love to imagine possibilities, solve problems and make a difference in their service to Christ in the church and world.

The computer scientist is a person who is concerned with creating computer systems, with an emphasis on software, which will assist other people in solving problems. The computer scientist is proficient with current software applications and hardware technologies. More importantly, however the computer scientist possesses a deep understanding of the concepts underlying current computer technology. The computer scientist is chiefly concerned with algorithms: general methods of solving problems. Computer scientists must be creative; they must be able to discover innovative ways to apply problem solving techniques to new and diverse situations.

The information technologist is a person who is concerned with applying and managing current computing technology so other people can solve problems productively and efficiently. The information technologist is able to specify and manage the computing resources used in a business. Today every business and enterprise requires information technology to function competitively in the global economy. Succinctly, IT is the engine powering current information systems, and encompasses hardware, software, and people. Information technologists must empathize with their users in order to provide great technological solutions which not only work but are usable.

The computer science department offers a number of majors and minors in order to match student interests and abilities with meaningful vocations. See www.cs.cuw.edu for the latest information on Computer Science programs.

Computer Animation Minor

The Computer Animation minor is designed to focus on all aspects of 2D and 3D computer animation technology currently used in a variety of industries including medical, architectural, educational, manufacturing, and movie and television production. Throughout the minor, a variety of software tools are used including Autodesk Maya and Blender. The emphasis is on developing a set of technical skills and knowledge. While the emphasis is on technology, coursework includes projects to enhance students' artistic abilities.

Computer Science Major

The BS degree program in Computer Science is designed for students who want to create software and design computer systems. Students interested in programming or working for software development firms should pursue this degree. This program provides students with a deep understanding of creating algorithms, programming, and heuristic problem solving.

This program prepares students for vocations in high-tech and computer firms such as software engineer, network developer, database administrator, application developer, computer scientist, researcher, and graduate student.

The BS in CS is also suitable for students who want to design and create systems for businesses that aren't "computer specific," such as financial, healthcare, manufacturing, service and retail. This program prepares students for vocations such as programmer/analyst, software engineer, network administrator, systems analyst, software quality engineer, web developer, and information specialist.

The CS major is the option chosen by most students who want to become professional software developers.

The computer science student should begin the Computer Science major program with a strong high school background in Mathematics, Science, and English.

Computer Science Minor

Computer Science is the study of computerized problem solving. A computer science minor is an excellent supplement to any major as it enhances the student's problem solving skills and abilities. People who understand computer science concepts are in great demand in our present information age. Note that a business major and a computer science or information technology minor is equivalent to an "MIS" degree offered at many institutions.

Major and Minor in CS and IT

In order for an IT major to complete a minor in CS, the student must complete 18 additional credits of CSC courses. If not completed in the major, the following courses must be completed for the CS minor:

A total of 18 CSC course credits that are not counted within the IT major must be completed. Thus the student will complete 40 credits of CSC courses for the major and an additional 18 credits of CSC courses for the minor

Game Programming Minor

The Game Programming minor in Computer Science strives to introduce the student to the tools and techniques commonly used in the game programming industry. Physics engines, blended animations, lighting, and game object scripting are all heavily represented. Various 2D and 3D game genres are also discussed and implemented.

Information Technology Major

The BS degree program in Information Technology is designed for students who are interested in specifying, managing and applying technology for their organization. An IT graduate responds to the practical, ongoing demands of a business for computing resources. Because all organizations utilize technology, the IT graduate solves problems by supporting the organization and other employees in their quest for information.

This program prepares students for vocations such as system administrator, network administrator, computer support engineer, technologist, information system trainer, technical marketing professional, communications engineer, telecommunications specialist, computer operations and data center director.

Major and Minor in CS and IT

A Computer Science major may minor in Information Technology and an Information Technology major may minor in Computer Science. In order to both major and minor in the Computer Science department, there can be no "double-dipping" of courses. In other words, the same course cannot count toward both the major and the minor. In order for a CS major to complete a minor in IT, the student must complete 18 additional credits of CSC courses. If not completed in the major, the following courses must be completed for the IT minor.

Code	Title	Hours
CSC 180	Readings in IT-OL	3
CSC 410	Vocation and Ethical Computing	3
CSC 426	Data Security and Info Assuran	3
CSC 430	Database & Info Management	3

A total of 18 CSC course credits that are not counted within the CS major must be completed. Thus the student will complete 51 credits of CSC courses for the major and an additional 18 credits of CSC courses for the minor.

English

The English Department of Concordia University Wisconsin offers core general education courses in writing and literature, along with teaching and non-teaching major and minor programs. The department's offerings emerge directly from the mission and purpose of the institution:

"Concordia's programs promote intellectual development and self-knowledge for the student's personal growth and well-being. They nurture religious commitment, provide insights for Christian action in the world, and facilitate the ability to communicate effectively." Coursework in English includes the study of language, literature, and expression, fosters an increased understanding of the creative process, provides insight into the moral and ethical dimensions of ideas, and, in the Christian context provided by this university, demonstrates the value of a life of intellectual curiosity. Furthermore, skills in communication and critical thinking establish the kind of educational foundation that allows English graduates to successfully pursue such professions as teaching, writing, editing, business, law, library science, and more.

Health and Human Performance

The Department of Health and Human Performance offers a variety of learning opportunities for students interested in the application of science to human movement. Specific programs offered include an undergraduate program in Exercise Physiology and graduate programs in Athletic Training Education and Applied Exercise Science. If you are interested in healthcare for the physically active, you may want to examine the Athletic Training Education program. If you are interested in the application of science to improve sports performance or treat chronic disease, you will want to look at the Exercise Physiology program (undergraduate) or the Applied Exercise Science program (graduate).

Students interested in coaching sports at a variety of levels can compliment their education with a minor in Athletic Coaching. Graduates from these programs find employment in a variety of settings including:

Health and fitness organizations, corporate fitness facilities, sports medicine clinics, cardiac/pulmonary rehabilitation facilities, and sport coaching organizations, to name just a few. All of our programs offer both classroom and experiential learning opportunities on campus and in the community. Many of our undergraduate students gain acceptance into and continue their education at the graduate level in a variety of kinesiology and/or healthcare programs.

Athletic Coaching Minor

The Athletic Coaching minor prepares students to coach sports in a variety of settings, including schools and community leagues, by meeting the standards developed by the National Association for Sport and Physical Education (NASPE). Exercise Physiology Major

The Exercise Physiology major at Concordia University prepares students to understand how the body responds and adapts to the stress of physical exertion. A thorough knowledge of exercise physiology enables one to understand the physiological mechanisms responsible for the acute and chronic response to physical activity. This knowledge can be used by students as they enter the workforce in health and

fitness industries, strength and conditioning programs, clinical exercise physiology settings or entry into professional/graduate studies such as Concordia's Doctorate of Physical Therapy program, Master of Occupational Therapy program, or master's/doctoral work in the exercise sciences.

Coursework in the Exercise Physiology major includes a strong foundation in the sciences plus significant hands-on laboratory work assessing cardiovascular, neuromuscular, and pulmonary responses in Concordia's Exercise Physiology Laboratory. Emphases in this major include both clinical exercise physiology and strength and conditioning. Students will be prepared to sit for nationally recognized certification exams offered through the American College of Sports Medicine and the National Strength and Conditioning Association. Opportunities are available to participate in developing and conducting research projects in the exercise physiology laboratory and/or to pursue internships to gain additional practical experiences in their preferred field.

Master of Science in Athletic Training

General Academic Information

The Master of Science in Athletic Training (MSAT) program at Concordia University Wisconsin (CUW) is a five-year Entry-Level Athletic Training Program, designed to prepare graduates to enter into a variety of employment settings and to render health care to diverse individuals engaged in physical activity.

The CUW MSAT program will prepare students with the skills necessary to succeed as an entry-level athletic trainer. The program will provide students with an educational experience encompassing communication, problem solving, clinical skills, professional development, and service.

This will be accomplished through undergraduate level common core courses, undergraduate and graduate level athletic training courses, and approved graduate level electives. In addition, the MSAT program enhances the classroom education with extensive hands-on clinical experiences in a variety of settings. The students in the MSAT program will complete approximately four years of clinical rotations, concentrated during the second, third, fourth, and fifth years. As a result, the students graduating from the program will be prepared to pass the Board of Certification (BOC) Computer Based Examination and will possess the knowledge, skills, and abilities of a successful clinician.

The CUW MSAT program will accomplish its mission through a holistic approach to the development of the mind, body, and spirit. The CUW MSAT program is designed to meet all of the requirements set forth by the Commission on Accreditation of Athletic Training Education (CAATE) for an accredited program, as well as the graduation requirements for CUW. The students who complete this program will be awarded a Bachelor of Science in Sports Medicine degree and a Master of Science in Athletic Training degree.

Admission To The Program

The Master of Science in Athletic Training program is a selective program that accepts approximately twenty students each year. This admission process and limited class size promotes quality education, provides the students with opportunities for hands-on learning, and maintains compliance with CAATE accreditation standards. Prospective athletic training students will formally apply to the MSAT program during the spring semester of their first year of coursework. Students with higher academic standing or transfer students may apply and will be given equal consideration; these students will need to formally apply and go through the MSAT program curriculum at Concordia University Wisconsin. Once admitted to the program, the Athletic Training Students will complete the remaining four years of core curriculum and athletic training coursework.

During the first year at Concordia University Wisconsin, applicants must meet the following minimum requirements to be considered for admission to the MSAT program:

1. Earn a Cumulative Grade Point Average of 2.75 in all course work (Overall CGPA).
2. Earn a Cumulative Grade Point Average of 3.00 in all major course work (AT CGPA). (BIO 191 Human Anat & Phys I, BIO 192 Human Anat & Phys II, MSAT 115 Med Term for Health Profession, MSAT 130 Advanced Weight Training, MSAT 172 Athletic Training Foundations, MSAT 205 First Aid & Emer Proc'd & Lab, MSAT 272 Intro-Athletic Training / MSAT 273 Athletic Training Lab).
3. Complete the MSAT Program Application by the specified date, including a background check.
4. Submit two MSAT program evaluations, from two personal references.
5. Interview with the MSAT program Admissions Committee.
6. Complete and pass the following courses:
 - a. BIO 191 Human Anat & Phys I: with a grade of C (2.0) or higher
 - b. BIO 192 Human Anat & Phys II: with a grade of C (2.0) or higher
 - c. MSAT 115 Med Term for Health Profession: with a grade of B (3.0) or higher
 - d. MSAT 130 Advanced Weight Training: with a grade of B (3.0) or higher
 - e. MSAT 172 Athletic Training Foundations: with a grade of B (3.0) or higher
 - f. MSAT 205 First Aid & Emer Proc'd & Lab: with a grade of B (3.0) or higher
 - g. MSAT 272 Intro-Athletic Training / MSAT 273 Athletic Training Lab: with a grade of B (3.0) or higher

Retention Standards

Once admitted to the MSAT program, all Athletic Training Students must maintain the following Retention Standards:

1. Maintain a Cumulative Grade Point Average of 2.75 in all course work (Overall CGPA).
2. Maintain a Cumulative Grade Point Average of 3.00 in all major course work (AT CGPA). (BIO 191, BIO 192, EXPH 470, HHP 342, all MSAT courses, and Elective courses).
3. Must pass all Practicum courses (MSAT 291 Athletic Training Pract I, MSAT 292 Athletic Training Practicum II, MSAT 391 Athletic Training Practic III, MSAT 392 Athletic Training Practic IV, MSAT 491 Athletic Training Practicum V, and MSAT 492 Athletic Training Practicum VI) with a grade of B (3.0) or higher.

4. Must adhere to the MSAT Program Handbook.
5. Maintain required and scheduled clinical experience hours. Must make every attempt to schedule all classes prior to 2:00pm in order to complete clinical rotations.
6. Must pass all required athletic training courses, in sequence, in order to progress in the Athletic Training Program. If a student does not pass a course during a particular semester, that student cannot progress in the program until the course has been re-taken and the student has passed the course. This will likely cause a one year delay in the completion of the MSAT program. Students who do not pass an athletic training course during the first attempt may re-take that course one additional time in an effort to pass the class. Students will not be allowed to take any athletic training course more than two times.

Please see the Concordia University Wisconsin Master of Science in Athletic Training website for more information, such as: Technical Standards for Admission, Degree Completion Requirements, Communicable Diseases, Accreditation Status, BOC Exam Pass Rate, Tuition and Fees, and Scholarships

History

The History program is designed to help students develop knowledge of broad areas of history and philosophy of history; an understanding of the major events and themes in history and historiography; and the skills necessary to read, write, speak, and teach about history.

While the History major includes only two required courses (HIST 385 Historical Methods and HIST 490 Senior Seminar) and the History minor only one (HIST 385 Historical Methods), students must select one of three emphases: U.S. History, European History or Non-Western/Global history. Students, however, must take courses in all three areas. This ensures that though students choose a concentration, they are exposed to all areas of history. In addition, History majors and minors are required to take HIST 103 Civilization and Worldviews—History as part of the core curriculum.

Classical Pedagogy Minor

Classical Education Program

Program Introduction

The Classical Education Program is an interdisciplinary course of study in Classical studies and Classical teaching methods, grounded in the Liberal Arts tradition with a strong foundation in the Lutheran heritage.

Description

The classical education program is intended to prepare students who wish to teach in schools and academies which have adopted a classical paradigm for their curricula and principles of pedagogy. It consists of a Classical Studies Major (or Minor) which gives the students a solid grounding in classical learning and a Classical Pedagogy Minor, which

provides training in distinctively classical principles of instruction and methods of learning. Students also have the option of completing a major in Arts & Sciences (such as mathematics, science, English or History). Concordia's program is designed specifically to provide teachers for both Lutheran and other Christian schools that have adopted a Classical curriculum. Graduates of the program are eligible for rostering within the LCMS, but admission is open to members of any Christian denomination.

Program Requirements

1. Classical Pedagogy minor (22-24 credits)

Life and Earth Sciences

The goal of the Department of Life and Earth Sciences at Concordia University Wisconsin is to develop competent scientists with a Christian worldview. The graduates of this program will possess the current scientific knowledge and research/data interpretation skills so necessary for entering scientific or medical careers in industry, academia, or government. More importantly, they will be prepared to provide a Christian influence and ethical perspective to the debate on the science-related problems facing the world today.

Biology Major

The Biology major provides a traditional background for students interested in careers in the biological sciences whether it be in industry, government, or academia. This major includes a broader focus (including more plants and animals) than the Biomedical Sciences Major, but still

provides the foundational knowledge for most post-doctoral programs in a medical field. Accordingly, this major is commonly selected by students interested in pre-health professional education.

The broad perspective of the Biology major provides an opportunity for students to identify and focus on areas of biology that are of specific interest to them. Opportunities at the Concordia Center for Environmental Stewardship (CCES) and to do research with science faculty are readily available.

Environmental Health and Water Quality Major

The Environmental Health and Water Quality Technology Major consists of 50 credit hours of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia. In addition to the CUW Liberal Arts core requirements and required courses listed below, all environmental and pollution control technology majors must complete requirements for a CUW Minor. Required core courses may be taken at either MATC or CUW.

For specific information about MATC courses and degree requirements, please visit the MATC website at <http://www.matc.edu/>

Environmental Studies Major

A strong focus on Christian environmental stewardship is increasingly important in many parts of society. The Concordia Center for Environmental Stewardship (CCES) provides a wonderful resource for students whose interests are primarily in science or other areas. This major engages student with many facets of the environment. It is often coupled with minors in art, business, chemistry, or justice and public policy depending leading to careers in environmental education at nature centers, sustainable business practices, environmental science, park rangers, or law school.

Horticulture Major

The Horticulture Major consists of course work completed through a cooperative program with Milwaukee Area Technical College (MATC). MATC-Mequon Campus is just a 5-minute drive from Concordia and offers three unique choices to prepare students for an exciting career in horticulture: Design Track, Maintenance Track, or Construction Track. (Current MATC catalog is the official source for Major Courses and their descriptions.) In addition to the CUW Liberal Arts core requirements and required courses listed below, all horticulture majors must complete requirements for a CUW Minor. Required core courses may be taken at either MATC or CUW.

Mathematics

CUW Mathematics offers a broad overview of mathematics including calculus, linear algebra/differential equations, geometry, abstract algebra, and real analysis along with a core liberal arts curriculum. Students will enjoy small classes with a strong Christian worldview. Many students choose a complimentary major or minor such as Secondary Education, Business, or Computer Science to enhance their educational experience.

Possible career opportunities include: statistician, business consultant, financial or securities analyst, actuary, and scientific researcher.

Modern Languages

English Language Institute

This program is directed to assist non-English speaking students to improve their communication skills. The areas of concentration are reading, writing and conversation. The curriculum in ELI is designed to prepare individuals to attend regular college classes or to return to their homes with a strong background and experience in communicating in English and in the cultural aspects of America.

International students must present a minimum of 500 TOEFL for regular acceptance. Any International Student who can not present a 500 TOEFL must test through the International Office for placement and may be required to enroll in the ELI program.

Music

Mission Statement

The CUW Music Department contributes to the spiritual, artistic, cultural, academic and co-curricular life aspects to campus life at the University. In doing so, the faculty is committed to blending talent and fellowship to the highest degrees of professional artistry in praise of the Lord's name. We additionally hope to impact our surrounding community while fulfilling our mission.

Audition Procedure for all Music Majors

To gain degree-seeking status as a music major, a student must:

- Successfully pass the following:
 - Qualifying audition with performance of two contrasting works on his/her principal instrument (to be completed at the end of two semesters of study);
 - For vocalists, aural examination of sight-reading, and tonal memory ability.
 - For instrumentalists, sight reading and scales.

- Prepare a portfolio for musical activities (solo and ensemble) and examples of music course work. This portfolio is to be presented in electronic format with links provided before audition;
- Transfer students will have their transcripts evaluated by the music faculty for determination of credited coursework and hours.
- The deadline for auditioning is the end of the 2nd semester from the time of declaration.

There are three possible results for an audition:

 - Accepted - This grants formal acceptance into upper division status.
 - Provisional - A repeat of the audition is requested by the Faculty at the end of the next semester to show more progress.
 - Fail - The student is not accepted as a music major.

Liberal Arts Music Major

LA Music Major/Music Therapy Equivalency

While studying music at CUW, you have the opportunity to concurrently work toward a Music Therapy Equivalency through Alverno College. The student will follow the CUW Liberal Arts Music Major curriculum. The Equivalency option allows you to focus on specific courses required to become a board certified music therapist.

Parish Music Major

A Parish Music major with a Lay Ministry minor provides students with another option to serve the Church as church musicians. Upon graduation, students may be placed on the roster of Synod as Lay Ministry.

Parish Music Program (LCMS Rosterable)

A Parish Music major with a Director of Church Ministries Minor for Related Majors provides students with another option to serve the Church as church musicians. Graduates may be solemnly called to positions in congregations or recognized service organizations of the church, and are eligible to be rostered in The Lutheran Church – Missouri Synod with the designation “Minister of Religion Commissioned – Lay Minister.” Concordia University Wisconsin is the only synod school at which this program is offered. Application involves steps in addition to application to the university. Applicants should contact the Church Ministries office for application information.

Philosophy

Philosophy encourages clear and critical thinking, and a rational approach to problem-solving using conceptual analysis, dialogue, and argument. Due to the interdisciplinary character of philosophy, the minor is a valuable complement to most majors (in particular, Art, History, English, Natural Science, Theology, Psychology, Social Work). The Philosophy major is complemented by the following recommended minors: computer science, history, political science, mass communications, legal studies, English, and pre-seminary studies.

The emphasis on the careful statement and evaluation of arguments makes a philosophy minor or major good preparation for those pursuing graduate and professional study, as well as for those entering careers in government, law, political advocacy, and journalism. Society needs individuals who are able to communicate clearly, to evaluate and construct arguments for or against a viewpoint, and to question received ideas.

Physical Sciences

The aim of the department of Physical Sciences is to prepare you for a career in the chemical industry or to pursue graduate studies to earn a PhD, an MD, or a PharmD. Expect to be challenged on a regular basis. Our professors have designed a rigorous curriculum to help you advance as a scientist and develop analytic reasoning. CUW's Chemistry program meets the requirements for an American Chemical Society-certified degree, an important distinction for any Chemistry program.

Political Science & Legal Studies

Political Science & Legal Studies

The Political Science & Legal Studies program equips students to make an impact on the public square through a variety of vocations. Based on a Christian worldview, students develop writing, speaking, critical thinking, and research skills, which learning about politics, political and legal systems, public policy, and international relations. Today's society needs well-prepared leaders who bring passion and grace to addressing problems at local, state, national, and international levels.

Legal Studies Minor

Legal Studies Program

The Legal Studies minor consists of 9 required credits and 9 elective credits, chosen from a list of approved courses. The coursework prepares students for the academic rigor of law school and the legal profession, well grounded in the liberal arts tradition. It emphasizes critical thinking and communication (oral and written), in the context of contemporary legal scholarship and a Christian worldview.

The Association of American Law Schools (AALS) does not prescribe a particular curriculum for students planning to attend law school, but pays great deference to the value of a liberal arts education. A Legal Studies minor would provide this foundation, but it is not a requirement.

The Political Science & Legal Studies program also works with student groups to offer activities, internships, and speakers that will help prepare students for law school. These may include meetings about applying for law school, LSAT exam preparation, and moot court or mock trial.

Political Science Major

The Political Science major consists of 37 credits, including 31 required credits and 6 elective credits, chosen from a list of approved courses. In addition to this course work, all students are required to complete an internship of at least 3 credits at the local, state, or national political level. Students must also complete a minor.

Within the required credits, students are expected to complete a three-course sequence (7 credits), starting in the junior year with Experimental Psych Methods (PSY 245), followed by Research Proposal (POLS 490) and Senior Seminar (POLS 491) in their senior year. These courses culminate in a research thesis that demonstrates to potential employers or graduate schools the student's ability to conduct research and write professionally.

The Political Science major prepares students for graduate and professional study as well as careers in government, law, journalism, non-profit organizations, education, and the military.

Pre-Professional Studies

Pre-Medical Curriculum

Medical colleges give preference to students who have completed a four-year degree program. Medical colleges recognize and encourage a broad background in the liberal arts, including a variety of humanities and social science courses. Admission requirements vary among medical colleges; therefore, each student is advised to obtain catalogs from three or more medical colleges and then plan college work at Concordia to meet requirements. The successful completion of the required pre-medical courses does not assure admission to any college of medicine because

the number of candidates exceeds the number that can be admitted. Medical colleges base selections on the quality of the student's college record, the Medical College Admission Test (MCAT), recommendations, and the results of a personal interview. It is important that a Concordia student interested in pursuing a pre-medical course of study articulate this early in his/her college experience to the appropriate advisor, so that all requirements can be met.

For additional Pre-Professional Programs (Pre-Pharmacy, Pre-PA, Pre-PT) please see current CUW publications for prerequisites.

Psychology

The mission of the psychology program is to increase the awareness of the boundaries and applications of psychology, foster intellectual development and problem solving, and encourage students to serve others within the context of Christian faith. The psychology program is committed to cultivating multicultural awareness and appreciation for the magnificence of God viewed through human diversity. The program prepares students to pursue helping professions and/or graduate study.

¹ PSY 445 Principles of Counseling is a recommended elective to be taken during spring of junior year.

Admission to Senior Status in Psychology

The following criteria have been established for students to be admitted to Senior Status in the Psychology program. (Application is generally made in the second semester of the junior year.)

1. Successful completion of 90 semester hours of credit
2. Cumulative GPA of 2.5 (will apply to students admitted, beginning in 2011)
3. GPA of 2.75 for Psychology coursework (will apply to students admitted, beginning in 2011)
4. Submission of completed application form (will apply to students admitted, beginning Fall 2013)
5. Completion of professional portfolio (will apply to students admitted, beginning Fall 2013)
6. Completion of application interview (will apply to students admitted, beginning Fall 2013)

Placement into clinical or professional practicum settings requires that a student be knowledgeable, confident, and demonstrate the highest potential for success. Enrollment in the Psychology Practicum, Research Proposal and Senior Seminar requires a student to be well-grounded in psychological theory/practice and to be capable of conducting research in the field. Students must meet the requirements above for Senior Status in the Psychology program before they may enroll in Practicum, Research Proposal and Senior Seminar.

Religion

Illuminate God's Word

The word "theology" has come down to us from the Greek; *theou logos*. Quite simply it means "God's Word." Perhaps that is probably the best summary of this program we can give. As a theology student, you will get to study God's Word that He has revealed to us through the Scriptures and illuminate that Word for others.

Biblical Studies Emphasis

(Liberal Arts: Associates of Arts, at CUAA only)

The Biblical Studies emphasis in the Associate of Arts Degree will provide basic training in the Bible – its origin, contents, and theology – for those who desire to serve the church as Christian lay leaders. This emphasis would be particularly helpful for those who are serving or planning to serve a congregation as a Bible study leader, a youth leader, or a Stephen minister.

Bioethics Minor

This 21-credit undergraduate Minor in Bioethics offers undergraduate students the opportunity to engage in discussion and examination of the ethical questions that arise in biology and health care. Topics are examined from theoretical as well as practical perspectives through the analysis of specific cases and issues from a variety of disciplines such as medicine, law, theology, philosophy, political science, and psychology. A Minor in Bioethics is a perfect complement to many majors and career paths:

- Pre-medicine
- Nursing
- Rehabilitation sciences
- Exercise physiology
- Athletic training
- Theology
- Philosophy
- Social work
- Pre-pharmacy
- Business
- Pre-law
- Education

Concordia University Wisconsin is a unique institution in the Concordia University System because we have a large population of health care students who would especially benefit from a Minor in Bioethics. Students with a Minor in Bioethics would be qualified to serve on hospital ethics committees, institutional review boards, and other ethics committees. This added qualification would make any student an attractive hire for the health care field, the private sector, and governmental agencies. This program accepts 6 credits of elective courses, allowing students to tailor their own programs to their specific needs and interests.

Minor Program Goals

1. Foster students' sensitivity to the moral dimensions of science, health care delivery, and research.
2. Develop a deep appreciation for confessional, Lutheran approaches to life issues.
3. Provide students with the knowledge and methods to analyze ethical issues in biology and health care.
4. Enable students to make the best possible decisions when faced with dilemmas involving bioethics.
5. Promote student involvement in bioethical dialog at the local, state, and national levels.
6. Model an attitude of respect for all points of view.
7. Enable students to be leaders in the church as it attempts to address troubling ethical issues involving biology and health care.

Christian Thought Major

The world needs leaders who have thought about the Christian faith and how best to share the Gospel with people living in an age of distraction. Christian thought is devoted to the study of the history of Christianity, Christian doctrine, Christian philosophy, apologetics, and ethics. The major and minor provide the opportunity to study the structure of Christian belief and practice. Students are equipped in mind and spirit for service to Christ in the Church and world. These programs are suitable for anyone with an interest in theology and philosophy and a sincere desire to carry out the Great Commission.

Director of Church Ministries - Bachelor of Arts

Director of Church Ministries Program

This program equips men and women to serve as a Director of Church Ministries in congregations where the church worker solicits, trains and deploys lay people within the congregation to serve in a variety of service capacities. The Director of Church Ministries B.A. degree requires a theology major and two minors; the first a minor in church ministries and the second a minor in non-profit management. Within the church ministries minor the student chooses to specialize in one out of five possible ministry areas: evangelism, missions, parish teaching, youth ministry, and pre-deaconess/social ministry (for men, and for women who intend to enroll in the deaconess programs at either of The Lutheran Church – Missouri Synod seminaries). By careful use of electives students can add a second specialization. Because of the nature of this work all Director of Church Ministries B.A. students must demonstrate good human relations skills and a life worthy of Christian example. Graduates are solemnly called to positions in congregations or recognized service organizations of the church, and are eligible to be rostered in The Lutheran Church – Missouri Synod with the designation “Minister of Religion Commissioned – Lay Minister.” Concordia University Wisconsin is the only synod school at which this program is offered. Application involves steps in addition to application to the university. Applicants for the Director of Church Ministries B.A. should contact the Church Ministries office for application information.

Director of Church Ministries - Online Certificate

The online Director of Church Ministries Certificate is a non-degree certificate consisting of seventeen courses, all but two of which are taken online. Application to the certificate program involves steps in addition to application to the university. Courses are offered in a cohort model, with a new cohort beginning every June. Each course is eight weeks in length, allowing for students to take three consecutive courses each semester. The first course (REL 105 Church Leadership Seminar) and the twelfth course (REL 495 Director of Church Ministries Seminar) are taken through two three-day residencies on campus. In order to be certified students must have a Bachelor of Arts degree. Most students enter the online program already possessing the degree. Students can take additional courses through the online Adult learning Theology Major and gain a bachelor's degree. Applicants for the online Director of Church Ministries Certificate should contact the Office of Continuing and Distance Education.

The online Director of Church Ministries Certificate is especially helpful for the person already working in a congregation who lacks the training and credential to be eligible for a call in The Lutheran Church – Missouri Synod. The online program is also available for lay persons desiring to dig deeper into theology at a collegiate level without necessarily seeking certification as a director of church ministries. Lay persons are welcome to take as much of the program as they desire. For that reason the sequence of courses are arranged as follows.

Pre-Seminary Studies Major

The Pre-Seminary Program

The pre-seminary program provides academic preparation in the liberal arts for professional study for full-time pastoral ministry in the Lutheran Church—Missouri Synod. Following the earning of the baccalaureate degree, the pre-seminary student continues his program of study at Concordia Seminary, St. Louis, or Concordia Theological Seminary, Fort Wayne.

The mission of pre-seminary education is to prepare students for theological studies and pastoral formation at a seminary of the Lutheran Church—Missouri Synod. This preparation ordinarily encompasses biblical knowledge, biblical language competency, and understanding of Lutheran doctrine; competency in communication skills in reading, writing, speaking, and listening; skills in critical thinking and philosophical inquiry, acquisition of a global perspective; the understanding of and appreciation for the Lutheran ethos, identity, and ethic helping the student to perceive, proclaim, teach, and live out the centrality of the Gospel of Jesus Christ for the whole world.

Pre-seminary students are strongly encouraged to include two majors in their studies: theological languages and pre-seminary studies. These majors are designed to prepare students for the seminary competency examinations in the Old Testament, New Testament, Christian Doctrine, Greek, and Hebrew. These majors also include broader liberal arts studies in German or Latin, communication, writing, social science, and philosophy, all of which are helpful for the theological study on a graduate level. In special cases, students in the pre-seminary program may choose other majors and minors, but must always include at least a minor in theological languages.

Students must have a minimum of 126 credits in order to graduate as part of the pre-seminary program.

Application for Entry into the Pre-Seminary Program

Since the public ministry of Word and Sacrament is an office of the Church of Christ, it demands individuals exhibiting the highest level of talent, personal knowledge, aptitude, skill, and Christian character. For this reason the following criteria have been established for acceptance into the Pre-Seminary Program of Concordia University Wisconsin. Application is generally made in the second semester of the sophomore year.

1. Successful completion of a minimum of 45 semester hours of credit.
2. CGPA of 2.5 on a 4.0 scale. (Probationary acceptance may be given to students with a CGPA of at least 2.0 if other requirements are met.)
3. Evidence of proficiency in English and foreign languages appropriate to the pre-seminary program.
4. Submission of a completed application form, available from the theology office.
5. Completion of basic theology courses.

6. Exhibition of exemplary Christian life-style.
7. Interviews with and written recommendation of the pre-seminary director.

Acceptance Procedure

1. Notification of acceptance into the program will be made by letter.
2. Notification of non-acceptance or probationary acceptance of the applicant is made in a personal interview with the pre-seminary director. A formal letter of the decision is presented to the applicant during the interview.
3. A copy of this letter is filed in the applicant's folder in the theology office.
4. A student who is refused acceptance into the pre-seminary program may re-apply up to two more times. Acceptance into the pre-seminary program is not a requirement for the successful completion of either major.

Program Continuation

To maintain "good standing" status in the pre-seminary program, a student must maintain a 2.5 CGPA.

Theology Major

The theology minor and major are intended primarily for students who are preparing for certification as professional church workers such as Lutheran School Teachers or Lay Ministers. For this reason an internship in the appropriate area of professional church work is included in the requirements. Other students interested in theological study should consider a minor or major in Christian Thought.

Theology Minor

The theology minor and major are intended primarily for students who are preparing for certification as professional church workers such as Lutheran School Teachers or Lay Ministers. For this reason an internship in the appropriate area of professional church work is included in the requirements. Other students interested in theological study should consider a minor or major in Christian Thought.

Youth Ministry Minor

The Youth Ministry Minor equips students to minister to the faith needs of young people. Youth Ministry Minors receive training to administer youth ministry programs in a variety of settings, or to serve in any number of support capacities for youth ministry within a congregation. The Youth Ministry Minor is not restricted to students enrolled in professional church work programs. Students who are majoring in other fields of study and desire to be of service to youth through their congregational youth programs are encouraged to enroll.

Program Objective

Concordia University prepares students to assume effective and responsible leadership roles in organizations or related professional activities. A three part curriculum is required to accomplish this goal (Bachelor of Science in Business).

First, the liberal arts core provides students with the intellectual and self knowledge skills to understand themselves and their dynamic world. Students learn to communicate and develop an understanding of the religious, cultural, social, economic, international, and technical environments in which individuals and organizations will exist in the future. By taking courses in religion and ethics, students develop a

Christian value system for dealing conscientiously with their various publics.

The second part of the curriculum is the business common body-of-knowledge, required of all business division graduates. This core provides students with an understanding of the dynamics of the firm, introduction to the functional areas of the organization, basic managerial and organizational concepts, and an overall view of policy making. The qualitative and quantitative nature of this common-core enables students to develop their critical and analytical skills.

The third section of the curriculum provides students an opportunity to concentrate and obtain sufficient competence and skill to experience the joy of useful work and contribute to church and community in a profession or vocation. Only accredited transfer credits from NCA or Equivalent Accredited Institutions will be accepted.

All students pursuing a Business major or minor must earn a grade of C- or better in all Business core, major, or minor courses to earn a business degree.

Students wishing to double major in Business or major and minor in Business should note that only 6 credits may overlap between the Business Core, your majors, and your minors. If you have more than 6 overlapping credits, you are allowed to substitute a maximum of 1 course for a related course that would not overlap.

Accounting Major

Due to the rigor of the accounting profession, students who wish to register for ACCT 310 Intermediate Accounting I or higher accounting courses, will be required to have earned a minimum grade of "B" in ACCT 203 Financial Accounting and ACCT 223 Managerial Accounting. Each student will then be required to earn a minimum grade of C in each of their upper-level accounting courses to be awarded a bachelor's degree in accounting from Concordia University.

Students who wish to complete the 150-hours to qualify for CPA Licensure have several options - including an MBA - and should consult with their advisor to plan their course of study.

Paralegal Studies Certificate

Purpose

The Paralegal Studies Certificate program will empower and equip students with the skills and acumen necessary to successfully initiate, grow, pursue their skills in legal contexts, and to think precisely, analytically, and creatively in relation to law, justice, and public policy matters. Paralegal Studies encompasses both a vocation and a way of thinking. It is characterized by attention to detail, logical reasoning, mental agility, versatility, the ability to identify and discern issues, critically synthesize and parse information and concepts, challenging oneself, and ethically and professionally resolving problems. Emboldened by CU's Christian mission of service to the Church and the world, emerging paralegal students will be challenged to look through a service-oriented lens to benefit the legal profession, assist in the development and administration of public policy, promote justice support the economic community, and strive to address conflict with Christian principles .

Vision Statement

The vision of the Paralegal Studies program is to be a dynamic neighbor and partner with organizations and communities in need of legal resources and is dedicated to training, nurturing, and developing valuable, ethical, and legal professionals through cultivating the knowledge and skills fundamental to achieving these ends.

Mission Statement

The mission of the Paralegal Studies program is to offer a Christ-centered approach to educating, training, and developing students for a career in the paralegal or other legal environments. The curriculum is based on the study of legal principles and the practical application of the law through scenario-based learning.

SCHOOL OF EDUCATION

The School of Education equips and inspires Christian servant leaders to pursue integrity and excellence in the delivery of educational services within professional and lifelong learning throughout the world.

Teacher Education Programs

Lutheran Teaching Ministry - Wisconsin Public Education

Concordia University offers strong programs for preparing teachers for Lutheran, public, and private education. All teacher education programs are approved by the Wisconsin Department of Public Instruction.

Successful completion of one of Concordia's teacher education programs enables graduates to be eligible for a Wisconsin teaching license.

Students who are members of The Lutheran Church – Missouri Synod and are preparing for the teaching ministry of the LCMS will receive a Lutheran Teacher Diploma (LTD). In addition, Concordia offers a Christian Teacher Certification (CTC) program which prepares individuals for a teaching ministry in a Christian or public school setting.

Programs are available leading to licensure in:

- Early Childhood Education (Birth to Grade 3)
- Early Childhood Regular and Special Education (Birth to Grade 3)
- Elementary/Middle Education Grades 1 - 8 (Middle Childhood through Early Adolescence)
- Elementary/Middle Regular Education and Cross-Categorical Special Education (Middle Childhood through Early Adolescence),
- Secondary Education Grades 5 or 6 -12 (Early Adolescence through Adolescence)
- Cross-Categorical Special Education (Middle Childhood through Adolescence)
- K-12 education (Early Childhood through Adolescence) in certain subject areas

The Secondary Education program requires a licensable subject area major. The Elementary /Middle School program requires an additional subject area minor or a dual major, and the Early Childhood program requires an additional minor, concentration, or dual certification. K-12 programs are available in:

- Art Education
- Business Education
- General/Choral Music
- German, General/Instrumental Music
- Physical Education
- Spanish

Undergraduate admission is processed through the Admissions Department. For individuals who have already completed a baccalaureate degree, a program leading to licensure in one of the above areas is also available. Students who have acquired a Bachelors' degree and now want to earn a Wisconsin license must contact the Graduate Teacher Certification Office.

For full and complete program details, please consult the School of Education Handbook.

Application to the School of Education

Students must apply for initial admission to the School of Education. Application to the School of Education typically occurs after the successful completion of ED 102 Foundations of Education. Students who wish to be admitted to the School of Education shall meet the following requirements:

1. Successfully completed ED 102 Foundations of Education
2. Portfolio I presentation approved
3. Recommended by faculty advisor
4. Criminal background check
5. Submitted School of Education Admission application to the School of Education

Application for Entry into the Teacher Education Program (Upper Division Status)

Since education is a demanding profession in regard to talents, personality, knowledge, teaching skills, and Christian example, it is important that only the most highly qualified students, who demonstrate the highest potential for professional success, be admitted to the Teacher Education Program. For these reasons, the following criteria have been established to receive Upper Division Status and acceptance into the program (Application is generally made in the second semester of the sophomore year.)

1. Successful completion of a minimum of 45 semester hours of credit
2. GPA of 2.5 on a 4.0 scale
3. Successful completion of basic skills requirements
4. Successful completion of initial clinical experiences
5. Successful completion of Portfolio I and II
6. Confidential background verification form with criminal background check
7. Submission of completed UDS Application Form

NOTE: To maintain Upper Division Status, a student must maintain at least a 2.5 GPA. In addition, a GPA of 2.75 is required for both student teaching and a Wisconsin Teaching License.

NOTE: Check with the Education Office for timely information on additional requirements for completing the Wisconsin teacher license program.

Acceptance Procedure:

1. Notification of acceptance or non-acceptance into the program will be made by email.
2. A copy of this letter is filed in the applicant's file in the School of Education Office.

Wisconsin Licensure

To successfully complete the teacher education program and be recommended for a Wisconsin teaching license, the undergraduate candidate must have:

1. Met the university credit requirements
 - a. Minimum of 120 college credits
 - b. Minimum of 36 credits at Concordia University Wisconsin

WISCONSIN DEPARTMENT OF PUBLIC INSTRUCTION APPROVED MINORS

Elementary/Middle Education (Grades 1-8) Middle Childhood through Early Adolescence

Elementary Education majors (MC-EA) are required to complete at least one minor or an additional licensable major. Students are strongly encouraged to select one of the following minors:

- English (p. 94)
- English as a Second Language (p. 94)¹
- Mathematics (p. 95)
- Science (p. 95)
- Social Studies (p. 96)
- Spanish (p. 96)¹
- Theology (non-licensable) (p. 96)

An alternative to licensable subject area minor listed above is a special education major (please see "Special Education Major Requirements").

NOTE: Since most middle schools are departmentalized, students are encouraged to select a minor for the subject area that they would prefer to teach in a middle school setting.

- 1 Denotes a minor that would require an additional Praxis II or ACTFL content knowledge examination.

Broad Field Science Education Major

The Broad Field Science Education major consists of 48-49 credits of science divided among the three major subcategories of science—physical science, earth science, and biology/environmental science. The student will concentrate in at least one of these areas. CUW currently offers concentrations in biology/environmental science (Option I) and physical science (Option II). A person with a broad field science license may teach any science class at the early adolescence-adolescence level, up through grade 10, and any basic science class in grades 11-12 that is not:

1. part of the college preparatory sequence
2. an advance placement course
3. an elective course with more depth of content than basic courses

To teach a course under the criteria in A, B, or C (above), the teacher must have a concentration in that subject area. Students with a life science emphasis will have a minor which allows them to teach upper level courses in biology, and students with a physical science emphasis will have a minor which allows them to teach upper level courses in chemistry.

Teacher Colloquy Program (LCMS)

The Teacher Colloquy is designed for members of the Missouri Synod who have received their teacher training at a non-Synodical college and would like to be certified for teaching in schools of the Synod. The program is available online through the Concordia University Education Network, CUENet (www.cuenet.edu (<http://www.cuenet.edu>)). For more information, contact the CUENet director at 1-800-238-3037 or write CUENet, 345 Cyber Drive, Bend, Oregon 97702. The program typically consists of 24 credit hours.

In 1989, the Provisional Endorsement for Lutheran Teaching (P.E.L.T.) Program was developed by the colleges and universities and the appropriate boards of the Lutheran Church-Missouri Synod. This program was developed in recognition of the many capable Lutheran teachers involved in the ministries of the LCMS Parochial School Systems who were non-synodically certified.

The initial vision was to offer these teachers an avenue to take steps toward teacher's synodical certification via the LCMS's Teachers Colloquy Program. It was an initial step because the candidate could only fulfill some of the course requirements via the extension model. The candidate then had to complete the colloquy course requirements through residence course work at one of the synodical colleges offering a bachelor's degree in teacher education. Since the Synodical Convention in Pittsburgh in 1992, it is possible to take the eight required courses to fulfill course work requirements for teach colloquy via the Theological Education by Extension Model. We have several extension locations in different parts of the country.

Wisconsin Department of Public Instruction Approved Minors

Elementary/Middle Education (Grades 1-8) Middle Childhood through Early Adolescence

Elementary Education majors (MC-EA) are required to complete at least one minor or an additional licensable major. Students are strongly encouraged to select one of the following minors:

- English (p. 94)
- English as a Second Language (p. 94)¹
- Mathematics (p. 95)
- Science (p. 95)
- Social Studies (p. 96)
- Spanish (p. 96)¹

Students may select one of the following minors in addition to or instead of those listed above:

- Art (non-licensable)
- Biology (p. 93)
- Computer Science (p. 94)
- Environmental Science (p. 94)
- German (p. 94)¹
- Health Education (p. 94)¹
- History (p. 95)

- Music (non-licensable)
- Psychology (p. 95)
- Speech Communication (p. 96)

- ¹ Denotes a minor that would require an additional Praxis II or ACTFL content knowledge examination.

An alternative to licensable subject area minor listed above is a special education major (please see "Special Education Major Requirements").

A student may also complete additional minors in licensable or non-licensable areas which may include but are not limited to the following:

- Adaptive Education (licensable) (p. 93)
- Athletic Coaching (licensable) (<https://catalog.cuw.edu/undergraduate/education/wisconsin-department-of-public-instruction-approved-minors/athletic-coaching-minor>)
- Theology (non-licensable) (p. 96)
- Urban Education (non-licensable) (<https://catalog.cuw.edu/undergraduate/education/wisconsin-department-of-public-instruction-approved-minors/urban-education-minor>)

NOTE: Since most middle schools are departmentalized, students are encouraged to select a minor for the subject area that they would prefer to teach in a middle school setting.

Theology Minor

The theology minor and major are intended primarily for students who are preparing for certification as professional church workers such as Lutheran School Teachers or Lay Ministers. For this reason an internship in the appropriate area of professional church work is included in the requirements. Other students interested in theological study should consider a minor or major in Christian Thought.

SCHOOL OF HEALTH PROFESSIONS

The School of Health Professions houses the following undergraduate (UG) and graduate (G) professional and pre-professional programs:

- Communication Sciences and Disorders (UG)
- Diagnostic Medical Sonography (UG)
- Occupational Therapy (G)
- Physician Assistant Studies (G)
- Physical Therapy (G)

Bachelor of Science in Rehabilitation Science (BSRS)

Concordia University Wisconsin offers a Bachelor of Science in Rehabilitation Science (BSRS) degree which can be completed in 3 ½ years. Students in this program may choose to follow one of the tracks for a combined degree in Occupational Therapy or Physical Therapy.

General Academic Information

The Bachelor of Science in Rehabilitation Science (BSRS) degree is intended to offer students an opportunity to receive a broad based education in rehabilitation science while meeting the pre-requisites for the Master of Occupational Therapy (MOT) degree.

Students who graduate with a BS in Rehabilitation Science have an opportunity to explore a wide range of employment opportunities if they choose not to pursue the MOT degree. Students with a BSRS degree can use this degree to work in a variety of areas including:

- Community public health
- Community mental health
- Wellness programs
- Managed care organizations
- Child-care facilities
- Adult day-care facilities
- Pharmaceutical sales
- Medical sales
- Assistive living/independent living centers
- Specialty Alzheimer's disease care centers
- Fitness programs
- Nursing homes
- Hospitals

Students in the BSRS program are required to take winterim and summer courses and can complete their undergraduate degree in 3 ½ years.

BSRS students who choose to pursue a career in Occupational Therapy can apply to the Master of Occupational Therapy program. Accepted students begin in graduate level courses during their junior year and

can complete the BSRS degree in 3 years, and the MOT degree with 1 ½ additional years. Please refer to graduate catalog for detailed information about the MOT program.

BSRS: Pre-Occupational Therapy

The Bachelor of Science in Rehabilitation Science (BSRS) degree is intended to offer students an opportunity to receive a broad based education in rehabilitation science while following either the Pre-OT or Pre-PT track; both tracks, when combined with graduate coursework, will result in a dual degree.

General Academic Information

Concordia University Wisconsin offers a combined Bachelor of Science in Rehabilitation Science (BSRS) and Master of Occupational Therapy (MOT) program which can be completed in a total of 4 ½ years for both degrees. The BSRS degree alone can be completed in 3 ½ years.

Students who graduate with the BSRS have an opportunity to explore a wide range of employment opportunities if they choose not to pursue a graduate degree. Students with a BSRS degree can use this degree to work in a variety of areas including:

- Community public health
- Community mental health
- Wellness programs
- Managed care organizations
- Child-care facilities
- Adult day-care facilities
- Pharmaceutical sales
- Medical sales
- Assistive living/independent living centers
- Specialty Alzheimer's disease care centers
- Fitness programs
- Nursing homes
- Hospitals

Students in the BSRS program are required to take winterim and summer courses and can complete their undergraduate degree in 3 ½ years.

BSRS students who choose to pursue a career in Occupational Therapy can apply to the Master of Occupational Therapy (MOT) program - Accelerated format. A student accepted into the MOT - Accelerated format will begin taking graduate courses toward a degree

in Occupational Therapy the summer after their sophomore year and can complete the BSRS degree in 3 years, and the MOT degree with 1 ½ additional years. Please refer to the CUW Graduate Catalog for detailed information about the MOT program.

Guaranteed MOT Admission Policy for Concordia BSRS Undergraduate Students

First time freshman in the BSRS (<https://www.cuw.edu/academics/programs/rehabilitation-science-bachelors>) program must have a high school GPA of 3.2 and an ACT score of 21. Those who apply and submit the tuition deposit prior to December 1st during their senior year in high school will be reviewed and ranked according to GPA and ACT scores. The top 30 applicants will be guaranteed admission to the MOT program - Accelerated format after their second year at CUW as long as they maintain a 3.0 GPA and receive at least a "B" grade in BIO 191, BIO 192, BIO 301, and Medical Terminology.

Students transferring into Concordia's BSRS (<https://www.cuw.edu/academics/programs/rehabilitation-science-bachelors>) program will not be guaranteed placement into the MOT program - Accelerated format. Transfer students must complete at least 36 credits at Concordia to be given priority in the MOT - Accelerated admission process and must include the following courses:

- BIO 191 Anatomy and Physiology I
- BIO 192 Anatomy and Physiology II
- BIO 301 Advanced Functional Anatomy and Physiology

Priority admission to the MOT - Accelerated program will be granted in the following order:

1. The first 30 deposited students who began at CUW in BSRS (with a high school GPA of 3.0 or above) are guaranteed if they meet the prerequisites
2. CUW students in the BSRS program (without the guarantee given to the first 30) with a 3.0 cumulative GPA, B's in BIO 191 Human Anat & Phys I, BIO 192 Human Anat & Phys II and BIO 301 Advan Func Anatomy & Physiolog
3. CUW students not in the BSRS program and transfer students who earn 36 credits at CUW with a 3.0 cumulative GPA, B's in BIO 191 Human Anat & Phys I, BIO 192 Human Anat & Phys II and BIO 301 Advan Func Anatomy & Physiolog
4. Students from outside CUW

If multiple students fall within the same priority level, the MOT Selection Committee will make acceptance decisions.

Please refer to the graduate catalog for detailed information about the Master of Occupational Therapy - Accelerated Format.

BSRS for the MOT - Transitional Track

Current Occupational Therapy Assistants (COTAs) who hold an associate degree from a regionally accredited institution and have at least one year of experience as a COTA are eligible to apply to the Master of Occupational Therapy program - Transitional track, which awards a BSRS and MOT in approximately 4 years. Students complete two semesters of coursework for the BSRS degree, five semesters of coursework for the BSRS and MOT degrees. After successful completion of these seven semesters, the BSRS degree is awarded. Students complete the MOT

degree with an additional three semesters of didactic coursework and two Level II Fieldwork placements, both lasting 12 weeks.

Applicants must meet all admissions requirements as shown in the graduate admissions catalog, this includes meeting the University Transfer Core (p. 23) requirements.

Further information about the MOT - Transitional Track can be found in the graduate catalog.

Communication Sciences and Disorders

Overview

Communication Sciences and Disorders (CSD) is the study of normal and abnormal communication including development and disorders. Students studying Communication Sciences and Disorders learn foundational knowledge in the bases of communication and swallowing, normal development across the lifespan, and the clinical management of children and adults with communication disorders. The Communication Sciences and Disorders is one major that leads to careers in one of two disciplines; either Speech-Language Pathology or Audiology. Both of these career choices require successful completion of a graduate degree to enter clinical practice. Additionally, the CSD major prepares students to become a speech-language pathology assistant for those individuals who choose not to pursue a graduate degree. For more information about career options associated with this major, go to www.asha.org (<http://www.asha.org>).

Undergraduate Student in Communication Sciences & Disorders (CSD) Learning Outcomes

Upon successful completion of the CUW major in Communication Sciences & Disorders, students will have demonstrated:

- Effective knowledge and skills to incorporate the complex relationship between faith, learning, and practice in the areas of Communication Sciences and Disorders.
- Effective verbal and written professional skills.
- Knowledge in basic speech, language, communication and swallowing processes.
- A functional understanding of evidence-based prevention, evaluation and intervention practice for speech, language, hearing, communication, and swallowing disorders.
- Culturally competent, professional interaction skills with patients, families, and other health care professionals.
- Ethical and professional behavior in clinical care through service learning and/or the provision of clinical services in the CUW Speech, Language and Hearing clinic.
- The completion of 25 required hours of clinical observation.

Mission Statement

The Speech-Language Pathology department is dedicated to the missions of Concordia University Wisconsin and the School of Health Professions and is focused on developing independent life-long learners with strong critical thinking and communication abilities. In addition, the Speech-Language Pathology program aims to prepare students for the opportunities and rigors of a vocation positively impacting communicatively challenged individuals and their families by providing outstanding academic/clinical education, as well as community outreach.

The Speech-Language Pathology program also aims to support the continuing education needs of practicing clinicians to ultimately have a positive impact on individuals with communication and/or swallowing challenges. This professional education is grounded in faith, excellence, and service to others.

Graduate Program in Speech-Language Pathology

Concordia University Wisconsin is excited to announce its planned development of a Master of Science degree in Speech-Language Pathology (SLP) beginning in summer of 2019. This is a 2-year program which will prepare students for licensure, clinical certification, and a career in Speech-Language Pathology. Student will receive a state-of-the-art academic and clinical education with opportunities for interprofessional education. Upon successful completion of the CUW SLP graduate program in Speech-Language Pathology, students will have demonstrated the knowledge and skills necessary for ASHA certification with a faith-based focus. Students will have completed the required 25 hours of observation and 375 hours of clinical practicum and be prepared to transition into their clinical fellowship year. Upon completion of their clinical fellowship, students will have completed all the requisite knowledge and skill competencies and will be eligible to apply for their Certificate of Clinical Competence (CCC) through ASHA. Additionally, students will have demonstrated effective and professional interaction skills with patients, families, and other health care professionals through service learning and/or the provision of clinical services in the CUW Interprofessional Education (IPE) clinic while working collaboratively with other disciplines. This program is planning to require successful completion of 42 core academic credit hours, 6 credit hours of electives, and 9 credit hours of clinical practicum resulting in a minimum of 57 credit hours of coursework (academic and clinical) for completion.

Completion of an undergraduate degree in Communication Sciences and Disorders at CUW does not guarantee students admission to the graduate program in Speech-Language Pathology.

Leveling Program

The Leveling Program is intended for students who possess a bachelor's degree in a major other than CSD who are interested in qualifying for graduate study in Speech-Language Pathology. The Leveling Program in SLP is nationally recognized as a means of completing the requisite education to prepare a student for graduate study in SLP. The CUW Leveling Program requires interested students to complete 30 credit hours (10 courses) in the CSD major in one year of study prior to entering a graduate SLP program. Completion of the Leveling Program does not guarantee a student admission to a graduate program.

Diagnostic Medical Sonography (Ultrasound)

Program Overview

This is a four-year undergraduate program that requires completing four or more semesters of pre-professional course work to prepare for the two-year professional didactic and clinical training. The program offers two professional options. One is conducted by CUW with classroom (didactic) sessions at CUW (MPW center) with clinical rotations at hospitals and clinics. Clinical sites are currently within a 1 hour drive from the MPW

center and are subject to change. The other professional track conducted at a local, hospital-based, accredited program who provides the didactic coursework and clinical training.

Students graduate with a Bachelor of Science degree from Concordia University and they are qualified to apply for national certification exams. Students receive a strong liberal arts education in a Christian setting. They obtain the necessary preparation for their career through professional experience in a hospital or clinic setting. Students who graduate with a BS in Diagnostic Medical Sonography have an opportunity to specialize in the many, various fields of sonography.

Accreditation

The professional and clinical program at CUW is accredited, upon recommendation of the Joint Review Committee on education in Diagnostic Medical Sonography (JRCEDMS), by the Committee on Accreditation of Allied Health Education Programs (CAAHEP). www.caahep.org. Hospital based programs affiliated with CUW are required, by contract, to be CAAHEP accredited.

Professional Assignments

The Diagnostic Medical Sonography program is very competitive and students are not guaranteed acceptance into the program(s). Placement into the program(s) is based on pre-professional course GPA of, at minimum, 3.0 to be considered. Other considerations include work experience, letters of recommendations, and documented required hours shadowing the profession. Each student must complete a Certified Nursing Assistant (CNA) program before submitting their clinical application (December of sophomore year). Applicants are required to work a minimum of 100 hours as a CNA. If accepted, the professional component of the program(s) is up to 20 consecutive months long.

Admission Requirement

Diagnostic Medical Sonography students are accepted at CUW under the general admissions requirement for the pre-professional component. They will be required to complete all the pre-professional coursework and activities to apply to the professional program. It is recommended that students complete anatomy & physiology, physics, and biology in high school to better prepare them for this major. Since the requirements are rigorous, students interested in the DMS program are strongly encouraged to obtain the required CNA license and work hours prior to starting their sophomore year at CUW.

Pre-Professional Requirements

Diagnostic Medical Sonography students complete the general CUW core courses. In addition, students are required to take additional required classes (see course lists below). Students must maintain a 3.0 overall GPA to qualify for application to the professional program. Students must maintain a B or higher grade in the following coursework: Anatomy & Physiology, Pathophysiology, Math, Med Terms, Communication and Medical Law & Ethics. Acceptance into the professional phase is not guaranteed. Each student must complete a CNA program, certification prior to submitting their professional application. In addition, students must provide documentation of a minimum of 100 hours worked as a CNA and a minimum of 8 hours shadowing the profession (4 hours in general/vascular and 4 hours in cardiac)

Student Selection

Students who satisfactorily complete their pre-professional prerequisites are required to apply for placement in the Diagnostic Medical Sonography

Program. Application forms are available in the Advising Office and students are encouraged to seek advising as soon as they are considering this major. Upon application, interviews will be scheduled with the students as part of the selection process. Students applying for the General/Vascular program are required to interview with the CUW program first. If they are not selected into the CUW professional program, their applications will be forwarded to our local, hospital-based accredited Sonography affiliates. Students applying for the Cardiac/Vascular program will have their applications forwarded to our local, hospital-based affiliates that offer that concentration.

Tuition

Students in the Diagnostic Medical Sonography program will pay CUW tuition during the pre-professional and professional aspects of the program. Students in the professional aspect of the program pay for 4 semesters and do not have to pay any overload tuition charges. If the student is attending an affiliated, hospital-based, program, a percentage of the tuition will be given to that program. Thus, students who are receiving the Emeritus (full) Scholarship or are full time CUW employees (tuition-free) will need to pay tuition during the professional aspect of the program.

¹ A grade of B (3.0) or above (no B-) is required

² A grade of C (2.0) or above is required

- It is required that each student become a Certified Nursing Assistant (CNA) and pass the State License Exam before they interview for the professional program. A minimum of 100 hours employed as a CNA are required before applying to the program.
- 8 hours of Job Shadowing is required before application to the professional program: 4 hours in General/Vascular Sonography and 4 hours in Cardiac/Vascular Sonography.
- CPR for Healthcare Providers is also required - it is best to take this the year you apply to the professional program - it is not offered as a credit course. A seminar is offered each month on campus that will meet this requirement. The cost is \$50 per student.
- A 3.0 cumulative GPA is required by end of the 3rd semester (when the professional program applications are due).
- Students will only be allowed to retake a science course one time. ALL grades for the science courses (even classes that were retaken) will be averaged into an Average Science GPA by the clinical Program Directors. Students should aim for a B Average/3.0 Average Science GPA

Other Requirements

English Fluency

Fluency in written and spoken English is essential to succeed in the program and to ensure patient safety. If English is a second language, you must be able to demonstrate fluency to the satisfaction of the selection committee.

Health Status

You must undergo a health review at by your physician, physician's assistant, or nurse practitioner. This review will be documented in the forms provided in the program application packet. Appointment to the program depends upon successful completion of the health review.

- A physical examination and updated health history.
- A negative test for tuberculosis, as shown by a negative Mantoux test, a negative QuantiFERON-TB test, or a negative chest x-ray within the past 12 months.

- Immunity to rubella as shown by a positive titer or documented dose (1) of live virus vaccine administered after the 1st birthday.
- Immunity to rubeola (measles) as shown by a positive titer or two documented doses of live virus vaccine administered a minimum of 28 days apart after the 1st birthday.
- Immunity to mumps as shown by a positive titer or two documented doses of live virus vaccine administered a minimum of 28 days apart after the 1st birthday.
- Immunity to Varicella as shown by a positive titer, evidence of two vaccinations, or reported history of Chicken Pox disease.
- The seasonal influenza vaccine or have completed an Influenza Vaccination Exemption Form (from when vaccine becomes available in the community until March 31st).

Medical Insurance

Students are required to maintain a health insurance policy during the program. You must provide evidence of health insurance at the start of the program.

Background Check

You must pass a criminal background check required by the State of Wisconsin. You must also pass a drug screening test prior to enrollment.

Student Responsibilities

Concordia University of Wisconsin Diagnostic Medical Sonography students are expected to attend all scheduled classes, examinations and assigned clinical rotations unless they are given an approved absence. To continue in the program you must pass the orientation course given during the first week of the program. You must also maintain an accumulated GPA of 3.0 or above in each course within the program and you are required to exhibit professional and ethical conduct at all times.

Technical Standards

To be considered for admittance you should exhibit strong qualifications for the health profession you wish to pursue. Applicants to programs must possess the following general qualities:

- Good analytic ability with ability to apply knowledge and reach decisions
- Ability to perceive spatial relationships, think visually
- Self-confidence and ability to work independently
- Mature outlook on personal relationships
- Respect for the diversity of others
- Flexibility
- Enjoyment of serving others
- Able to sit/stand relatively still for long periods

In addition to the general standards described above, the Sonography Program requires the following physical abilities:

- Lift/carry an average of 20lbs. from 26-75% of the time
- Push/pull an average of 50lbs. from 26-75% of the time
- Reach overhead 0-25% of the time
- Climb 0-25% of the time
- Squat/bend/kneel 76-100% of the time
- Sit 26-75% of the time
- Stand 76-100% of the time
- Walk/move 76-100% of the time

- Distinguish audible Doppler signals
- Adequately view images, including color distinctions

You must be able to perform the essential functions of the profession and meet the standards of the curriculum. To seek exceptions to these standards or reasonable accommodations, you should initiate a request with the program director.

Pre-Physical Therapy Program

Overview

Concordia University Wisconsin offers a Pre-Physical Therapy program in conjunction with other undergraduate majors offered at Concordia. Concordia offers 60+ undergraduate majors and all are acceptable for students wishing to continue their education in the Doctor of Physical Therapy (DPT) program. No specific major is required or preferred, provided that all pre-physical therapy requirements are met prior to entering the graduate program. Students work with their Academic Advisor to complete the courses required for the undergraduate degree as well as the prerequisite courses required for the DPT program.

An undergraduate degree, as well as the DPT prerequisite courses, can usually be completed in four years. The DPT program requires an additional three years of professional education beyond an undergraduate degree.

Accelerated/Priority Admission for Concordia Undergraduate Students

Concordia University offers both accelerated and priority admission process for undergraduate students who attend Concordia University.

For Accelerated Admission into DPT program at Concordia Wisconsin students must:

1. Major in Bachelor of Science in Rehabilitation Science (BSRS)/DPT track at the Mequon Campus.
2. Maintain a 3.45 in Science prerequisite courses & 3.0 overall GPA in the BSRS curriculum.
 - a. If Science GPA or overall GPA falls below 3.45/3.0 student will be required to (with help of advisor) select another undergraduate degree.
 - b. Must achieve at least a 3.0 in all Science prerequisite coursework.
3. Demonstrate proficiency in science courses in the first attempt at taking the course. Science prerequisite GPA will be calculated using the first earned grade in the course. If a student re-takes a course and he/she desires the second grade counted to their GPA (science or overall), they are no longer eligible for accelerated admission and will need to apply through the regular 4 year DPT degree application process (process open to graduates of non-Concordia Wisconsin degree programs). In addition, students who withdraw from a course late in the semester are not eligible for accelerated admission.
4. Have all Science prerequisite courses completed by end of spring semester sophomore year and apply for early decision via Physical Therapy Centralized Application Service (PTCAS) during summer between sophomore and junior year.
5. Have all their science prerequisite course work completed at Concordia University Mequon.
6. Complete 40 hours of observation of a diversity of PT services.
7. Complete an admission interview during early decision day. This will occur during Fall Semester of their Junior Year.
8. Students who meet the accelerated admissions requirements do not have to take the GRE.

Concordia offers priority admission to the Doctor of Physical Therapy program to students who:

- are current, full time student at CUW or CUAA who will graduate with a bachelor's degree from CUW or CUAA,
- at the time of submitting the application, are not missing more than one prerequisite science course,
- have a cumulative GPA of at least 3.00,
- have a grade point average of at least 3.45 in prerequisite science courses,
- submit all application materials by the PTCAS Early Decision deadline, and
- successfully complete a personal interview.
- must complete 40 hours of observation of a diversity of physical therapy practice settings

All prerequisite science courses must be completed at CUW/CUAA, and cannot have been previously completed at another institution. If a CUW/CUAA prerequisite science course is repeated, the first, original grade will be considered when determining whether or not the student is eligible for priority admission. CUW/CUAA students who meet these requirements are required to take the GRE.

Entrance Requirements

Admission to the entry-level Doctor of Physical Therapy program is competitive. Concordia University Wisconsin will admit one class of 28 full-time students in the fall of each academic year.

Admission requirements include:

- Bachelor's degree in any field from a regionally accredited institution
- Minimum 3.0 cumulative GPA
- Minimum GPA of 3.0 in all required sciences
- Ability to perform essential functions of a physical therapist listed at www.cuw.edu/dpt
- Submit GRE scores

Science Prerequisites (CUW course numbers listed in parenthesis)

- Chemistry- Two semesters of sequenced courses with labs (CHEM 141 General Chemistry I and CHEM 142 General Chemistry II)
- Physics- Two semesters of sequenced courses with labs (PHYS 151 General Physics I and PHYS 152 General Physics II)
- Human Anatomy and Physiology- Two semesters offered through a Biology, Anatomy or Physiology department (BIO 181 and BIO 182)

Other prerequisites

- Statistics- One semester
- Psychology- One semester
- Behavioral or Social Science- One semester in addition to the Psychology requirement above

Application Process

The Physical Therapy Department at Concordia University participates in the Physical Therapist Centralized Application Service, known as PTCAS. Applicants for the Doctor of Physical Therapy program should apply online using the PTCAS application. To learn more about the PTCAS application process, please visit the PTCAS website at www.ptcas.org (<http://www.ptcas.org>).

Students may apply to the program before all admission requirements and prerequisites are completed, but must be completed prior to

beginning the DPT program. Undergraduate students should apply to the DPT program during the summer before their senior year. Applications for the DPT program can be made through the Physical Therapist Centralized Application Service (PTCAS) at www.ptcas.org (<http://www.ptcas.org>).

Mission Statement

The Concordia University Wisconsin Physical Therapy program is committed to developing physical therapists with a sound foundation in movement across the lifespan. Graduates will demonstrate excellence in collaborative, culturally competent, ethical, evidence based practice and leadership within a changing health care environment. The program seeks to foster personal and professional growth in knowledge, skills, and attitudes for Christ-centered service to Church, community, and the world.

DPT Program Accreditation

The Physical Therapy Program at Concordia University Wisconsin is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone 703-706-3245; email accreditation@apta.org; website: capteonline.org (<http://capteonline.org>)

DPT Program General Academic Information

The Doctor of Physical Therapy program is designed to help students become thoughtful, skilled and caring therapists who are autonomous providers of physical therapy services. Our program emphasizes evidence-based practice and focuses on developing clinicians who will serve the community through excellence in clinical practice and understanding of the spiritual, economic, and psychological needs of the clients they serve. The program will help students develop skills to determine why an individual may have difficulty with movement, to determine whether those difficulties can be remediated by physical therapy, and to develop and implement a program which would address those concerns.

The Professional Physical Therapy Program at Concordia leads to a Doctor of Physical Therapy (DPT) degree. This entry level professional degree program is three full years in duration, beginning in the Summer. The program is full-time and encompasses six semesters, three winterims, and three summer sessions. The curriculum combines classroom, laboratory, and supervised clinic-based instruction.

Pre-Physician Assistant Studies Program

Overview

Concordia University Wisconsin offers a Pre-Physician Assistant Studies program in conjunction with other undergraduate majors offered at Concordia. Concordia offers 60+ undergraduate majors and all are acceptable for students wishing to continue their education in the Master of Science in Physician Assistant Studies program. No specific major is required or preferred, provided that all pre-physician assistant requirements are met prior to entering the graduate program. Students work with their Academic Advisor to complete the course required for the undergraduate degree as well as the prerequisite courses required for the PA program.

Completing the requirements for the program does not guarantee admission.

See process at : <https://www.cuw.edu/academics/programs/physician-assistant-masters/index.html#admissions>.

An undergraduate degree, as well as the PA prerequisite courses, may be completed in four years depending on the major selected.

Admission for Concordia Undergraduate Students and Alumni

Current students and alumni of a Concordia University system school will be guaranteed an interview for the PA program if they meet certain requirements. Guaranteed interviews will be extended to students and alumni who have submitted a verified CASPA application by the deadline, have a cumulative AND prerequisite science point average of at least 3.40, and have completed all additional entrance requirements.

Entrance Requirements

Admission to the Physician Assistant program is competitive. Concordia University Wisconsin will admit one class of 30 full-time students in May of each academic year.

Candidates for admission must meet the following requirements:

- Baccalaureate degree earned prior to matriculation from a regionally accredited university or college
- Minimum 3.2 cumulative GPA
- Minimum 3.2 prerequisite science GPA
- All prerequisite courses must be successfully completed with a grade of "C" or higher from a regionally accredited college or university
 - Applicants must have all prerequisite science courses complete at the time of application. One non-science prerequisite course may be pending at the time of application, but will need to be completed prior to matriculation in the program.
- Lab components must be completed in a face-to-face format on-campus. Online labs are not accepted.
- Complete a minimum of 500 hours* of hands-on patient care experience. Medical scribe work can be applied towards part of this requirement; however, applicants are strongly encouraged to obtain more hands-on patient care experience than scribe work. Please review the CUW website for further information regarding the patient care experience requirements.
- Complete a minimum of 24 hours* of job shadowing with a Physician Assistant
- Able to perform Technical Standards for Physician Assistants
- Three letters of reference are required as part of the application process. One letter of reference must be from a PA with whom you have shadowed, and should speak to your understanding of the role of a PA. One letter of reference must be from an employer/supervisor of your patient care experience, and should speak to your interaction and care of patients. At least one more letter (may be more than one) can be professional, academic, or a character reference.

Science Prerequisites (See <https://www.cuw.edu/programs/physicianassistant/entrance.html> for additional details)

- General Chemistry- Two semesters of sequenced courses with labs
- Organic Chemistry- One semester with lab
- Biochemistry- One semester with or without lab
- Microbiology- One semester with lab

- Human Anatomy and Physiology with lab- Two semesters. Can be either separate Anatomy (with lab) and Physiology courses OR combined A&P I and II courses including labs*
- Biology- Two semesters with labs (excluding the listed prerequisite science courses mentioned even at higher levels)
- Genetics- One semester with or without a lab

Other prerequisites:

- Psychology- One semester
- Statistics- One semester
- College algebra or higher- One semester
- Medical Terminology- One semester*

* A&P and Medical Terminology are *recommended* within five years of applying to the program.

Questions about specific prerequisites courses should be directed to the Graduate Admission Office.

A felony conviction may affect a graduate's ability to attain state licensure.

At this time we are unable to enroll F-1 international students in the Physician Assistant Program.

School of Health Professions

Students may apply to the program during the cycle beginning in April before their senior year; however, all prerequisite science courses and additional entrance requirements must be complete at the time of application.

The Physician Assistant Studies Program at Concordia University Wisconsin participates in the Centralized Application Service for Physician Assistants (CASPA). Applicants for the Master of Science in Physician Assistant Studies program should apply online using the CASPA application. To learn more about the CASPA Application process, visit the CASPA website at <https://portal.caspaonline.org/>.

Mission Statement

The Physician Assistant program at CUW prepares students to become competent physician assistants who provide high quality health care in a respectful, culturally sensitive, caring and knowledgeable manner. CUW PA graduates are committed to caring for patients in mind, body and spirit with an emphasis on continual lifelong learning.

Program Goals

The goals of this program are to:

1. PA graduates will have a first-time PANCE pass rate at or above the national average.
2. The CUW PA Program will maintain continuing accreditation status, fully compliant with all ARC-PA Standards.
3. The CUW PA Program will provide academic support to all matriculated students.
4. Faculty and students will support and promote the CUW PA Program.
5. Faculty and graduates will promote academics and leadership within the PA profession.

6. The CUW PA Program will provide opportunities in inter-professional education in order to perform effectively as a member of the healthcare team.

Accreditation

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Continued status to the Concordia University Wisconsin Physician Assistant Program sponsored by Concordia University Wisconsin. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The approximate date for the next validation review of the program by the ARC-PA will be September 2026.

The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy.

Information on accreditation is available at www.arc-pa.org (<http://www.arc-pa.org>) or at: Accreditation Review Commission on Education for the Physician Assistant, Inc., 12000 Findley Road, Suite 150, Johns Creek, GA 30097, (770) 476-1224.

Program General Academic Information

The Concordia University Wisconsin PA Program is a full time 26 consecutive month curriculum. The didactic phase is held at the Mequon Campus and provides the foundation for the clinical year. Spanning the first 15 months of the program, the didactic phase consists of courses in the basic sciences and clinical/behavioral medicine. Areas of study include human anatomy with cadaver lab, physical examination and history taking, pharmacology, physiology/pathophysiology, clinical skills, and topics and issues related to the profession. The clinical portion of the program will be in urban, rural, and medically underserved settings throughout Wisconsin as well as possible out-of-state locations with physician and PA preceptors.

Radiologic Technology

Program Overview

Radiologic technologists ("R.T.'s) are the medical personnel who perform diagnostic imaging examinations. They are educated in anatomy and physiology, disease processes, physics, radiation safety and protection and patient care. Radiologic technologists may be employed in various health care settings, i.e. hospitals or clinics, industry, business, research, administration or education.

This major is a four-year course of study leading to a Bachelor of Science degree in Radiologic Technology. The degree is jointly sponsored and is structured as a 2 plus 2 program. The first 2 years are conducted at Concordia University, where the core required by the university and pre-professional requirements are attained. Students receive a strong liberal arts education in a Christian setting. Near completion of the pre-professional requirements, the student will apply to our professional, hospital-based partners. Upon acceptance, student will complete their second 2 years at a Joint Review Commission on Education in Radiologic Technology (JRCERT) accredited partner program.

Students graduate with a Bachelor of Science degree from Concordia University and are qualified to apply for the national certification exam (and in Wisconsin, the state license). They obtain the necessary

preparation for their career through academic and professional experience. Students who graduate with a BS in Radiologic Technology have an opportunity to specialize in the many, various fields of Radiologic Technology such as Cardiac and Vascular Interventional Radiology (IR), Computed Tomography (CT), Magnetic Resonance (MR), and Mammography.

Accreditation

The pre-professional studies at CUW are accredited by the Higher Learning Commission. The professional affiliate, hospital-based partners are accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

Pre-professional Requirements

Radiologic Technology students complete the general CUW core courses. In addition, students are required to take additional required classes. Students must maintain a 2.75 overall GPA to qualify for application to the professional program. Acceptance into the professional phase is not guaranteed. Students are strongly encouraged to maintain a 3.0 GPA in the science courses. No grade below a C will be accepted. Math (college algebra), medical terminology and anatomy & physiology need to be completed before the end of the 3rd semester.

Tuition

Students in the Radiologic Technology Program will pay CUW tuition during the pre-professional and professional aspects of the program. Students in the professional program pay for 4 semesters and do not have to pay any overload tuition charges. A percentage of the tuition will be given to the professional program. Thus, students who are receiving the Emeritus (full) Scholarship or are full time CUW employees (tuition-free) will need to pay tuition during the professional aspect of the program.

Social Work

Overview

Bachelor degreed social workers (BSW) develop skills to help people navigate complex systems. They provide a wide variety of diverse services at all levels of society. BSWs work with individuals, children, families, and communities. They are often employed by local, community, international and government agencies. Social workers advocate for change and support the need for social and economic justice. Social workers practice within the guidelines of a code of ethics sponsored by the National Association of Social Workers (NASW). Students complete a two semester field education internship supervised by credentialed BSWs and MSWs. Field education is known as Signature Pedagogy. This highly structured and supervised internship provides BSW graduates with experience upon graduation, enhancing employment opportunities. Entry level licensure is available for BSW graduates in most states. Social work is a profession with many possibilities and one of the fastest growing

professions in the country. More information about social work as a career can be found on the website for the National Association for Social Workers, www.socialworkers.org. The CUW BSW program is accredited by the Council on Social Work Education.

Mission

The mission of the CUW Social Work Program is to prepare graduates for baccalaureate level, generalist social work practice, within the context of faith, service, and social justice.

CUW embraces the importance of faith in practice. The program emphasizes how social work practitioners can integrate faith in practice, and Christianity in social work practice is integrated across the curriculum. The mission inspires students to examine their personal values and beliefs. The program supports service to others and encourages students to advocate for social and economic justice. The program encourages graduates to provide service to those who may be marginalized by society. Students complete 20 hours of service learning during the freshman and sophomore years, preparing them for upper division classes and the integration of the knowledge base of the profession. The curriculum provides students with an understanding of theoretical concepts and a broad knowledge base from which to practice. The program teaches Generalist Practice along with the necessary skills and methods for entry level practice at all levels. The program embraces Problem-Solving, Ecological Theory, and the Strengths Perspective.

The program resides in the School of Health Professions (SHP). BSW students participate in Inter-Professional Education (IPE) activities with other SHP departments. As an added value, upon graduation student transcripts will indicate the student is IPE trained. BSW students are also eligible to seek an IPE Training Certificate.

BSW students are encouraged to participate in international mission trips with other SHP programs. Regular health centered mission trips through SHP provide social work practice experience on an international level. Mission trips are regularly scheduled for Nepal, Nicaragua, and Guatemala.

Bachelor-degreed social workers are educated in Generalist Practice, providing them with the knowledge base upon which social work practice is built. Those earning a BSW from a CSWE accredited program are eligible to request advanced standing when applying for the MSW graduate program at CUW, and other MSW programs. At CUW, advanced standing reduces the number of credits for the MSW program by 27 credits. If accepted into the MSW program at CUW, a BSW graduate from can earn a BSW and an MSW in 5 years.

Social Work Program Goals

The goals of the CUW Social Work Program are to:

1. Prepare students for professional generalist practice
2. Prepare students who have developed the behaviors associated with the nine (9) competencies established by CSWE.
3. Encourage students to draw on the foundations of Christianity in faith, service, and social justice, and to provide leadership in the provision of service and solidarity for all persons, especially marginalized or oppressed groups.
4. Develop students with strong practice skills built on the knowledge base of the profession.

5. Support students in their understanding of and ability to apply the NASW Code of Ethics when practicing, and in their understanding of the relationship between the code of ethics and Christianity.
6. Prepare students who can apply research and/or evidence-based practice in practice settings, and in evaluating the effectiveness of practice and programs.

Social Work Program Core Competencies

- Demonstrate Ethical & Professional Behavior.
- Engage Diversity and Difference in Practice.
- Advance Human Rights and Social, Economic, and Environmental Justice.
- Engage in Practice-informed Research and Research-informed Practice.
- Engage in Policy Practice.
- Engage with Individuals, Families, Groups, Organizations, and Communities.
- Assess Individuals, Families, Groups, Organizations, and Communities.
- Intervene with Individuals, Families, Groups, Organizations and Communities.
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities.

Admission Procedures

Students may declare a social work major as an arriving freshman or anytime while a student in good standing at Concordia University Wisconsin. Students who declare a social work major during their sophomore year have the advantage of being assigned a social work faculty member as their academic advisor. Social work faculty members are available to discuss the social work major and application process with all interested students.

Students cannot enroll into Upper Division social work courses (SW 300 or SW 400 level) or begin a field placement until they have completed the application process for Upper Division Social Work Status. Students must be officially accepted for Upper Division Status by the BSW Program Coordinator. Students need to apply for Upper Division Status during the spring semester of their sophomore year and begin their Upper Division SW Foundation Courses in the fall of their junior year.

Prior to official acceptance into Upper Division Status, students are expected to take the two Introductory social work courses, SW 225 Social Work & Social Welfare and SW 235 Introduction to Child Welfare during their freshmen or sophomore year. This planning is necessary because Upper Division Social Work Foundation courses are offered in a sequence which begins in the fall semester of the student's junior year. In rare circumstances, exceptions may be made, but additional planning and consultation are needed.

Students must receive at least a "C" in all social work courses in order to continue in the social work program. A student may repeat a course one time in an effort to improve their grade.

The process for admission to Upper Division Status for the Social Work Major is to:

- Complete SW 225 Social Work & Social Welfare and SW 235 Introduction to Child Welfare.
- Complete MATH 205 Statistics I.

- Have a minimum cumulative grade point average of 2.5 GPA overall and a 2.75 GPA in social work courses.
- Complete an application for acceptance into Upper Division Status in the social work major.
A completed application includes:
 - Completion of Application for Admission Form
 - Completion of an Upper Division Narrative (self-study)
 - Interview with the Chair of the Social Work Program or other social work faculty

Transfer Students

Transfer Students may also be accepted into Upper Division Status, if they have completed the above requirements or received approval from the Director of the Social Work Program. These students will need to review their transfer core curriculum credits with the admissions counselor and Registrar's Office. Any transfer credits related to the social work major and social science minor must be reviewed by the Director of the Social Work Program.

Director of Church Ministries - LCMS Certification

A social work major, who is a member of the Lutheran Church Missouri Synod, may also earn certification through the LCMS as a Lay Minister in addition to a Bachelor Degree in Social Work (BSW). Students can obtain an application for this minor from the Church Ministries Office. Social work majors who decide to additionally pursue the Director of Church Ministries Minor with related majors can apply the courses required for the program to the 15 elective credits needed for the social work major and will only need an additional 6 credits to complete the Director of Church Ministries Minor. The Church Ministries Internship can be obtained through the Social Work Field Placement, which is required during the student's senior year. Upon graduation in addition to their Social Work Degree (BSW), students receive a certification through the LCMS as a Lay Minister and are eligible to work within the Lutheran Church Missouri Synod.

Progression Policy

Students must apply to the Social Work Program for Upper Division Status during the second semester of their sophomore year. To enter the program and maintain a good standing, a student must have a cumulative GPA of at least 2.5 and a minimum GPA of 2.75 in social work classes. They must also complete an application and self-study.

Accreditation

Social Work Programs at the baccalaureate and master's levels are accredited by the Council on Social Work Education (CSWE). The Social Work Program at Concordia University is fully accredited by CSWE.

CSWE Accreditation establishes uniform educational standards for social work students to insure students acquire the highest standards of professional training and practice. Additionally, an accredited program qualifies graduates for advanced standing in graduate programs that grant the Master of Social Work Degree (MSW). This status typically makes it possible for BSW graduates to earn an MSW in three semesters. Students who receive their BSW can also join The National Association of Social Workers (NASW), the largest professional association of social workers. Finally, students who graduate from accredited social work programs are eligible to apply and take the examination for state licensing or certification for professional social work practice.

Social workers, who successfully complete the baccalaureate degree requirements at Concordia University Wisconsin, graduate from a program accredited by the Council of Social Work Education and receive a Bachelor of Social Work degree (BSW).

Field Education (Internships)

Description

The curriculum design for field education is incorporated in two semesters and involves the accumulation of 450 hours of fieldwork. Field experience offers students the opportunity to test and demonstrate their abilities and knowledge in a supervised educational setting. Social work majors, with upper division status, are required to enroll in SW 327 Field Ed I and SW 427 Field Ed II. In conjunction with Field Education, students are required to enroll in SW 328 Field Ed Seminar I and SW 428 Field Ed Seminar II. Participation in the seminar is to be concurrent with field education. The seminar format will provide for the integration of field experience with classroom learning through discussion and assignments.

Application Process for Field Education

Students are placed in a variety of agencies, commensurate with their expressed desires and educational needs. The placement process begins with the completion of an application. Students are required to apply for field in the first semester of their junior year.

Social Work Program Curriculum - Minor

Social Work majors are required to have a minor, unless they have a double major. The Social Science Minor is recommended for Social Work Majors; however, many other options are available including, but not limited to, psychology, director of church ministries, Spanish, music, business, education and political science. See School of Arts and Sciences (p. 25)

Required Core Courses

Students in this program must take MATH 205 Statistics I.

Curriculum: Total 45 Credits

Affirmative Action/Nondiscrimination

The Social Work Program at Concordia University Wisconsin does not discriminate on the basis of race, color, gender, age, ethnic or national origin, or physical disability in the areas of student admission to the program, as well as hiring or promotion for faculty.

SCHOOL OF NURSING

The School of Nursing houses the following undergraduate and graduate professional programs:

- Traditional Undergraduate Bachelor of Science (BSN) (p. 115)
- Accelerated Second Degree BSN (<https://catalog.cuw.edu/accelerated-learning/bachelor-degree-programs/accelerated-second-degree-bsn>)
- Bachelor of Science-Nursing Completion Program for Registered Nurses (<https://catalog.cuw.edu/accelerated-learning/bachelor-degree-programs/nursing>)
- RN to BSN to MSN (G) (<https://catalog.cuw.edu/graduate/programs/msn>)
- Master of Science (Nurse Practitioner (NP)) (<https://catalog.cuw.edu/graduate/programs/msn>)
- Nurse Educator (NE) (G) (<https://catalog.cuw.edu/graduate/programs/msn>)
- Certificate After Graduate Education in Nursing (CAGE) (<https://catalog.cuw.edu/graduate/programs/msn>)
- Doctorate of Nursing Practice (DNP) (<https://catalog.cuw.edu/graduate/programs/dnp>)

Traditional Bachelor of Science in Nursing

The purpose of the Traditional Undergraduate Nursing program is to equip graduates with the professional leadership skills, expertise, caring and knowledge they need to function in a variety of health care and community settings and to work collaboratively with other disciplines in assisting individuals, families, groups and communities to achieve their full health potential. The baccalaureate program provides a broad foundation in liberal arts and nursing education. A wide variety of clinical agencies and community sites are incorporated into the learning experience. Additionally, our program integrates the use of a high fidelity simulation learning environment with several human patient simulators.

All levels of the nursing programs were accredited by the Commission on Collegiate Nursing Education in 2014 for another 10 years.

Concordia University has offered a baccalaureate degree in nursing since 1982. In May of 1991, Concordia graduated its first group of students in the BSN Completion track for RNs. In the spring of 1998, the first MSN class graduated. The first DNP cohort graduated in December 2010.

Highlights

- Clinical practicums begin the second semester of the sophomore year.
- Cross-cultural and global health experiences are offered to several local, national and international destinations.
- Individualized attention, guidance, faculty tutoring sessions, and additional tutoring through the Learning Resource Center facilitate student success.
- Nursing instructors possess strong clinical background and academic preparedness in nursing education.
- Multi-bed high fidelity simulation lab and hands-on skills lab give students the opportunity to practice their skills in a safe environment.
- NCLEX pass rates are above the national average.

- Commission on Collegiate Nursing Education (CCNE) accredited through 2024.
- Active Student Nurses Association.
- Sigma Theta Tau International Honor Society.
- Financial Assistance and Scholarships are available.
- Workshops in Nursing Student Success (WINSS) are free and open to all pre-nursing and nursing students.

Traditional Freshman Students

Concordia University pre-nursing students who meet **all** of the following minimum requirements are eligible for admission to the traditional undergraduate nursing program. The number of students accepted into the program is dependent on available clinical space and the student's ranking based on the criteria below:

- Minimum **cumulative GPA** ≥ 2.75
- Minimum **science GPA** ≥ 2.75 with a **minimum grade of C** in the following courses:
 - Microbiology (BIO 149 or higher level microbiology course with lab section)
 - Anatomy & Physiology I (BIO 191 or higher level microbiology course with lab section)
 - Anatomy & Physiology II (BIO 192 or higher level microbiology course with lab section)
 - Chemistry (CHEM 105 or higher level microbiology course with lab section)
- **Minimum grade of C** in college algebra or higher level math course (statistics, pre-calculus or calculus) **OR**
 - Waiver with an AP score of 4 or 5 on the AP Calculus Exam, **OR**
 - CLEP credits for college algebra.
- English as Second Language, Language test score:
 - TOEFL > 75 **OR**
 - IELTS > 6.0

Transfer Students

- Transcript Review.
- Letter of Good Standing from most recent college attended.
- Minimum Cumulative GPA ≥ 3.0
- Minimum Science GPA ≥ 2.75
- $\geq C$ in college algebra or higher level math course (statistics, pre-calculus or calculus) **OR**
 - Waiver with an AP score of 4 or 5 on the AP Calculus Exam, **OR**
 - CLEP credits for college algebra.
- English as Second Language test score:
 - TOEFL > 75 **OR**
 - IELTS > 6.0

Transfer students are required to contact the Admissions transfer counselor for Concordia's application process and timeline. All applications must be submitted to the Admissions Office by July 15 for the fall semester or December 15 for the spring semester.

- Applications will be reviewed and prioritized by the School of Nursing.
- The number of students accepted will be dependent on available clinical spots.

Admission Requirements for Entry into Sophomore Year

- American Heart Association CPR (BLS) certification.
- State Certified Nursing Assistant (CNA) licensure.

- Adherence to **all components** of the Clinical Requirements Timeline found in the ***Traditional Undergraduate Program Clinical Resource Guide***.
- Prior to the start of the first semester of sophomore classes, students must undergo a Background Check through Castlebranch.com.
- Students must also purchase a Document Tracker account through Castlebranch.com and upload immunization verification documents and other forms as described in the ***Clinical Resource Guide***.
- Students will be required to undergo a urine drug screen prior to their first clinical practicum (second semester of sophomore year).
- All nursing courses (courses with a NURS prefix) must be taken at CU or through CU online. The traditional BSN program will not accept nursing courses transferred from other institutions.

Progression Policy

- Sophomore, junior and senior students must maintain a **minimum cumulative GPA of ≥ 2.75** and a **minimum grade of C** in all nursing courses (courses with a NURS prefix), including all theory, clinical, and lab courses.
- Further information on progression policies is available in the ***Traditional Undergraduate Nursing Student Handbook***.

CONTINUING EDUCATION

Concordia University Adult Education Studies is charged with carrying the mission of the University to the non-traditional adult student. Like the traditional degree programs, the programs in Adult Education are founded in the Christian Liberal Arts tradition of the University.

Our program is very much tailored to the needs and unique capabilities of the adult learner. For instance, classes are offered at locations near students' home or work. Classes are offered in an accelerated evening format. In addition, students can earn credit in a variety of modalities including the traditional classroom setting, telecourses, and college level learning experiences obtained outside the classroom.

Adult Education delivers courses at eleven off-campus centers located in Missouri and Louisiana, as well as Wisconsin. The average age of students attending the program is 34, typically 25 years old at a minimum, and students are required to have several years of work experience. A separate catalog is produced for adult education studies, and you are referred to it for further details.

LEGAL NOTICES

The Family Education Rights and Privacy Act

Consistent with the Family Educational Rights and Privacy Act (FERPA) or 1974, as amended by S. J. Res 40 (12-30-74), the following statement represents the position of Concordia University Wisconsin with respect to the confidentiality of student records.

The Act assures students "the right to inspect any and all official records, files, and data directly related..." to themselves, and assures the student an opportunity for debate or correction of inaccurate, misleading, or otherwise inappropriate data in the student's file.

The Act provides that no party may review a student's record with the exception of the following, who do not need written consent of the student to view a record: other school officials, officials of other schools or systems in which the student intends to enroll, authorized representatives of:

1. the Comptroller General of the U.S.
2. the Secretary of H.E.W.
3. administrative head of an education agency
4. state educational authorities. Persons working in connection with a student's application for, or receipt of, financial aid.

Any other than those listed above can obtain access to a student's file only upon written release from the student. This record will be available for inspection only by the student. The following procedure has been established for CUW students.

A written request, signed by the student shall be presented to the Registrar or appropriate office. The Registrar, or other appropriate office will arrange a time and date, within 45 days after receipt of the request, for the student to review the record.

The following types of information are considered directory information and may be included in publications or disclosed upon request without consent of the student, but only after public notice of these categories of information has been given in order to allow sufficient time for the student to inform the institution that any and all of this information should not be released without prior consent, such requests can be made in writing to the Registrar's Office:

- student's name
- address including e-mail
- telephone number
- dates of attendance
- photo
- class standing and class schedules
- previous institution(s) attended
- major field of study
- awards
- honors (including Dean's List)
- degree(s) conferred (including date)
- past and present participation in official recorded sports activities
- physical factors (height, weight of athletes)
- date and place of birth

The Act provides the student the right to file with the U.S. Department of Education a complaint concerning alleged failures by the education institution to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office - U.S. Department of Education
600 Independence Avenue, SW - Washington, DC 20202-4605

Public Notice Designating Directory Information

Concordia University Wisconsin hereby designates the following categories of student information as public or "Directory Information." Such information may be disclosed by the institution for any purpose, at its discretion.

Category I

Name, address, telephone number, dates of attendance, class, photos and class schedules.

Category II

Previous institution(s) attended, major field of study, awards, honors (includes Dean's List), degree(s) conferred (including dates).

Category III

Past and present participation in officially recorded sports and activities, physical factors (height, weight of athletes), date and place of birth.

Currently enrolled students may withhold disclosure of any category of information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received in the Office of the Registrar prior to the fifth class day of each academic year. Forms requesting the withholding of Directory Information are available in the Office of the Registrar.

Concordia University Wisconsin assumes that failure on the part of any student to specifically request the withholding of categories of Directory Information indicates individual approval for disclosure.

Jeanne Clery Campus Safety and Campus Crime Report

The safety of all members of our campus community is a high priority at Concordia University Wisconsin. Become an informed member of our campus community to protect yourself and welcome visitors.

A copy of Concordia University's annual campus security report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the University; and on public property within, or immediately adjacent to and accessible from the campus. This report also includes institutional policies concerning campus security/safety, such as alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

You may obtain a copy of this report through any one of the means listed below by contacting the Student Life Office of Concordia University requesting either a written copy or an electronic copy (sent via e-mail).

Grievance Procedure

Students with grievances may wish to consult with their academic advisor or the appropriate division chairperson. Procedure for the process involved in working through a grievance is spelled out in the Student Handbook.

Non-Discrimination Policies

Concordia University Wisconsin admits qualified students of any age, sex, race, color, national or ethnic origin, physical or mental conditions, or developmental disability, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Concordia University Wisconsin does not discriminate on the basis of race, color, national or ethnic origin, age, sex, physical or mental condition, or developmental disability in the administration of its admission policies, education policies, scholarship and loan programs, athletic and extra-curricular programs or other school-administered programs. Concordia University does not discriminate on the basis of handicap. (c.f. Section 504 of the Rehabilitation Act of 1973).

Title IV

Concordia University fully subscribes to all Federal and State civil rights laws banning discrimination for private, church-affiliated institutions of higher education. CU will not discriminate against any employee, applicant for employment, student or applicant on the basis of race, color, sex, pregnancy, national origin (including ancestry), citizenship status, physical or mental disability, age, marital status, gender, veteran or military status, predisposing genetic characteristics, domestic violence victim status, or any other protected category under applicable local, State or Federal law.

A pamphlet summarizing CU's policy and procedures relating to sexual harassment and gender discrimination, and a full explanation of the policy, which includes a list of University staff members who can help, can be found at: www.cuw.edu/consumerinformation

Weapons Prohibited

All persons are prohibited from possessing or carrying a firearm, ammunition or weapons of any kind, as determined in CU's sole discretion, regardless of whether the person has a permit to carry a firearm. Any employee, faculty, student or other representative of the University who violates this policy shall be notified of the violation and subject to disciplinary action, up to and including termination or expulsion.
